

6 CAVITY HANDGUN MOULDS - LEE PRECISION 38 CALIBER (0.358") 158GR SWC GAS CHECK 6-CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Handgun Moulds](#)

The Lee 6 Cavity Handgun moulds are made for heavy duty volume production. Moulds and blocks have steel bushings and alignment pins for lasting precision. Price includes a cam operated sprue plate to eliminate the pounding common to ordinary moulds. The sprue plate is hard anodized and held down with wave washers at each end. All Lee mould blocks are made from aluminum because of its exceptional moulding qualities. All mould cavities are CNC machined for unmatched roundness and size control. Does not include handles.

Attributes

- Name: [LEE PRECISION 38 CALIBER \(0.358"\) 158GR SWC GAS CHECK 6-CAVITY MOLD](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100053336
- Mfr. No.: 90327
- Bullet Style: Semi-Wadcutter (SWC)
- Bullet Weight (Grains): 158
- Caliber: 357 Caliber, 38 Caliber
- Cavities: 6
- Diameter (in): 0.358
- Delivery weight: 0.454kg
- Shipping height: 46mm
- Shipping width: 112mm
- Shipping length: 340mm
- UPC: 734307903275

Safety Instruction Guide for the 6 Cavity Handgun Moulds

Introduction

Thank you for choosing the Lee Precision 6 Cavity Handgun Mould for your bullet casting needs. This guide provides important safety instructions and precautions to ensure safe and effective use of the product. Please read this guide carefully before using the mould.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses, gloves, and a mask when using the mould.
- Keep the mould out of reach of children and vulnerable individuals.
- Regularly inspect the mould for any signs of damage or wear.
- Store the mould in a dry and secure location when not in use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Heat Safety:** The mould can become extremely hot during use. Use heatresistant gloves when handling the mould after it has been heated.
- **Burn Hazard:** Avoid direct contact with the mould when it is hot to prevent burns.
- **Sharp Edges:** Be cautious of sharp edges on the mould and sprue plate. Handle with care to avoid cuts.
- **Proper Ventilation:** Ensure that the workspace is wellventilated to avoid inhaling fumes from melted lead or other materials.
- **Lead Exposure:** Follow guidelines for safe handling of lead to minimize exposure. Wash hands thoroughly after handling lead or moulds.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your workspace is clean, dry, and wellventilated.
- Gather all necessary materials, including the mould, lead, heat source, and safety equipment.

2. Setup:

- Securely mount the mould to a stable surface or use a compatible casting machine.
- Ensure that the camoperated sprue plate is functioning correctly.

3. Melting Lead:

- Use a suitable melting pot to melt the lead. Follow the manufacturer's instructions for the melting pot.
- Monitor the temperature of the lead to avoid overheating.

4. Casting Bullets:

- Once the lead is melted, carefully pour it into the mould cavities.
- Allow the lead to cool and solidify before removing the bullets from the mould.
- Use the sprue plate to cut the excess lead after pouring.

5. **PostUse Care:**

- After casting, clean the mould with a soft brush to remove any lead residue.
- Store the mould in a safe place, away from moisture and potential damage.

Disposal Instructions

- Dispose of any lead scraps or waste according to local regulations for hazardous materials.
- Do not dispose of lead in regular trash. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Lee Precision 6 Cavity Handgun Mould, please contact the appropriate EUbased support channels. Ensure you have the product details at hand for efficient assistance.

Thank you for prioritizing safety while using the Lee Precision 6 Cavity Handgun Mould. Your careful attention to these guidelines will help ensure a safe and productive casting experience.
