

6 CAVITY HANDGUN MOULDS - LEE PRECISION 40 CALIBER (0.401") 175GR TC 6-CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Handgun Moulds](#)

The Lee 6 Cavity Handgun moulds are made for heavy duty volume production. Moulds and blocks have steel bushings and alignment pins for lasting precision. Price includes a cam operated sprue plate to eliminate the pounding common to ordinary moulds. The sprue plate is hard anodized and held down with wave washers at each end. All Lee mould blocks are made from aluminum because of its exceptional moulding qualities. All mould cavities are CNC machined for unmatched roundness and size control. Does not include handles.

Attributes

- Name: [LEE PRECISION 40 CALIBER \(0.401"\) 175GR TC 6-CAVITY MOLD](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100053351
- Mfr. No.: 90690
- Bullet Style: Truncated Cone
- Bullet Weight (Grains): 175
- Caliber: 10mm,40 Caliber
- Cavities: 6
- Diameter (in): 0.401
- Delivery weight: 0.522kg
- Shipping height: 48mm
- Shipping width: 112mm
- Shipping length: 340mm
- UPC: 734307906900

Safety Instruction Guide for Lee Precision 6 Cavity Handgun Moulds

Introduction

Thank you for choosing the Lee Precision 6 Cavity Handgun Mould for your bullet casting needs. This guide provides essential safety instructions to ensure the safe and effective use of the mould. Please read this document carefully before using the product to avoid any potential hazards.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep the mould out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and heatresistant gloves when using the mould.
- Inspect the mould regularly for any signs of damage or wear. Do not use if damaged.
- Follow local laws and regulations regarding the use of firearms and ammunition components.

Specific Safety Precautions for Use

- **Heat Safety:** The mould will become extremely hot during use. Always handle with care and use heatresistant gloves.
- **Burn Hazard:** Molten lead can cause severe burns. Ensure that you are familiar with lead casting techniques and safety practices.
- **Lead Exposure:** Avoid inhaling fumes and dust. Work in a wellventilated area and consider using a respirator if necessary.
- **Tool Safety:** Use appropriate tools for handling and adjusting the mould. Do not attempt to modify the mould without proper knowledge.
- **Storage Safety:** Store the mould in a dry, cool place away from moisture and direct sunlight.

Instructions for Installation and Usage

1. Preparation:

- Ensure your workspace is clean and organized.
- Gather all necessary tools and materials, including lead, a heat source, and personal protective equipment.

2. Setup:

- Attach the mould to a stable work surface using appropriate clamps or screws.
- Ensure the camoperated sprue plate is functioning correctly before use.

3. Casting Process:

- Preheat the mould according to the manufacturer's instructions.
- Pour molten lead into the cavities, filling them completely.
- Allow the lead to cool and solidify as per the recommended time.
- Open the mould carefully to release the cast bullets.

4. PostUse:

- Clean the mould thoroughly after each use to prevent lead buildup.

- Inspect for any signs of damage or wear and address any issues before the next use.

Disposal Instructions

- Dispose of any lead waste in accordance with local regulations regarding hazardous materials.
- Do not dispose of lead in regular household waste.
- Consider recycling options for lead materials to minimize environmental impact.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product recalls, please refer to your local regulations or contact the manufacturer directly for assistance.

By following these guidelines, you can ensure a safe and effective experience with your Lee Precision 6 Cavity Handgun Mould. Always prioritize safety and consult this guide whenever you have questions about the product's use.
