

# BREECH LOCK RELOADER PRESS - LEE PRECISION BREECH LOCK RELOADER "C" FRAME PRESS

[Reloading](#) > [Reloading Presses](#) > [Single Stage Presses](#)

An outstanding value. Exclusive balance lever that can't drop down to pinch your fingers. Unlimited hand clearance that only a "C" frame can offer. Works equally well with the right or left hand. Even if you already own a press, an extra press is always useful for decapping, bullet seating or bullet sizing. Accepts standard 7/8 x14 thread dies and standard Universal Press Shell Holders. Now features Lee Breech Lock feature. Shown mounted to the Lee Bench Plate system, sold as an accessory.

# Safety Instruction Guide for BREECH LOCK RELOADER PRESS

## Introduction

Thank you for choosing the BREECH LOCK RELOADER PRESS from Lee Precision. This guide provides essential safety instructions to ensure safe and effective use of your reloader press. Please read this guide thoroughly before using the product.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always keep the reloader press out of reach of children and vulnerable individuals.
- Regularly inspect the equipment for any signs of wear or damage before use.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves while operating the press.
- Be aware of your surroundings and ensure that your workspace is clean and free from hazards.

## Specific Safety Precautions for Use

- **Finger Safety:** The exclusive balance lever is designed to prevent accidental pinching. Always keep hands clear of moving parts.
- **Hand Clearance:** Take advantage of the unlimited hand clearance offered by the "C" frame design. Ensure your hands are positioned safely before operating.
- **Right or Left Hand Use:** This press can be used comfortably with either hand. Choose the hand that feels most comfortable for you.
- **Decapping and Bullet Seating:** If you are using the press for decapping, bullet seating, or bullet sizing, ensure that you follow the specific instructions for each operation.
- **Die Compatibility:** The press accepts standard 7/8 x 14 thread dies and standard Universal Press Shell Holders. Ensure compatibility before use.

## Instructions for Installation and Usage

### 1. Installation:

- Mount the reloader press securely to a stable workbench or platform.
- Ensure that the press is level and that all bolts are tightened properly.
- If using the Lee Bench Plate system, follow the instructions provided with that accessory for proper mounting.

### 2. Usage:

- Before starting, ensure all necessary tools and materials are within reach.
- Load the die into the press according to the manufacturer's instructions.
- Adjust the height of the die to ensure proper alignment with the shell holder.
- Operate the press smoothly and steadily, avoiding sudden movements.
- After use, always return the lever to its original position to avoid accidental operation.

## Disposal Instructions

- When the reloader press reaches the end of its life cycle, dispose of it in accordance with local regulations regarding electronic waste and metal recycling.
- Remove any nonmetal components and dispose of them separately as per local waste management

guidelines.

## **Contact Information for Further Support**

For any inquiries or assistance regarding the BREECH LOCK RELOADER PRESS, please refer to the manufacturer's official website or customer support channels.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your BREECH LOCK RELOADER PRESS. Always prioritize safety and stay informed about updates regarding product recalls or safety notices through the EU's Safety Gate platform. Thank you for your attention to safety and for choosing Lee Precision.
