# PACESETTER RIFLE THREEDIE SET SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This guide provides important safety instructions and information to ensure the safe and effective use of your reloading equipment. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your reloading press and the components of the PACESETTER RIFLE THREEDIE SET.
- Keep all reloading equipment out of reach of children and unauthorized users.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading ammunition.
- Store all components and reloaded ammunition in a secure and dry location.
- Do not use damaged or defective equipment. Inspect all components before use.
- Follow all local laws and regulations regarding reloading and ammunition storage.
- Be aware of the risks associated with reloading, including the potential for explosive reactions and personal injury.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Improper use of the reloading dies may result in injury or damage.
- Use of incorrect or defective components can lead to dangerous malfunctions.

### • Avoiding Hazards:

- Always ensure that the correct die is used for the specific cartridge being reloaded (8 mm Mauser).
- Do not exceed recommended powder charges; refer to the provided load data for guidance.
- Ensure that the reloading area is wellventilated to avoid inhalation of any potentially harmful substances.
- Never leave reloading equipment unattended while in use.

### • Agespecific Warnings:

- This product is not intended for use by individuals under the age of 18. Ensure that all users are of legal age and trained in safe reloading practices.

## Instructions for Installation and Usage

### 1. Setup:

- Ensure that your reloading press is securely mounted and stable.
- Gather all necessary components: Full Length Sizing Die, Bullet Seating Die, Factory Crimp Die, Universal Shell Holder, Powder Dipper, and Instructions/Load Data.

### 2. Installation of Dies:

- Install the Full Length Sizing Die into the press according to the manufacturer's instructions.

- Adjust the die to ensure proper sizing of the cartridge case.
- Install the Bullet Seating Die next, adjusting it to achieve the desired bullet seating depth.
- Finally, install the Factory Crimp Die, ensuring it is correctly adjusted for a proper crimp.

### **3. Reloading Process:**

- Begin by sizing your cartridge cases using the Full Length Sizing Die.
- After sizing, use the Powder Dipper to measure the appropriate amount of powder as per the load data.
- Insert the bullet into the case and use the Bullet Seating Die to seat the bullet to the specified depth.
- Use the Factory Crimp Die to apply a crimp to the cartridge if necessary.

### **4. PostReloading:**

- Inspect all reloaded ammunition for defects before storage or use.
- Store reloaded ammunition in a cool, dry place, clearly labeled with the load data.

## **Disposal Instructions**

- Dispose of any damaged or defective components according to local regulations.
- Do not dispose of used powder or primers in regular waste. Follow local hazardous waste disposal guidelines.
- Ensure that all packaging materials are recycled or disposed of responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the PACESETTER RIFLE THREEDIE SET, please refer to the manufacturer's contact information provided in the product packaging or visit the manufacturer's website for additional resources and support.

Please ensure that you keep this safety instruction guide for future reference and share it with anyone who may use the PACESETTER RIFLE THREEDIE SET. Your safety is our priority.
