# Safety Instruction Guide for STEEL 3DIE RIFLE SET

## Introduction

Thank you for choosing the Lee Precision Steel 3D Die Rifle Set. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the rifle set.

## General Safety Guidelines

- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the reloading area clean and organized to prevent accidents.
- Ensure that all components are in good condition before use. Replace any damaged parts.
- Store the reloading set and all materials in a secure location, out of reach of children and unauthorized individuals.
- Follow local laws and regulations regarding reloading and ammunition.

## Specific Safety Precautions for Use

- Lubricate cases before use, as the dies are made of steel and require lubrication for proper functioning.
- Do not exceed the recommended powder loads specified in the instructions or load data.
- Use only the specified cartridge (4570 Government) with this die set.
- Avoid distractions while reloading to maintain focus and prevent errors.
- Always doublecheck your measurements and settings before proceeding with reloading.

## Instructions for Installation and Usage

### 1. Setup the Dies:

- Install the Full Length Sizing Die into the reloading press according to the manufacturer's instructions.
- Follow with the Bullet Seating Die and then the Powder Through Expanding Die.

### 2. Use the Universal Shell Holder:

- Ensure the Universal Shell Holder is compatible with the 4570 Government cartridge.
- Insert the shell holder into the press securely.

### 3. Reloading Process:

- Lubricate the cases before inserting them into the Full Length Sizing Die.
- Size the cases by cycling them through the die in the press.
- Use the Powder Through Expanding Die to add powder to the cases.
- Finally, use the Bullet Seating Die to seat the bullets to the recommended depth.

### 4. PostReloading:

- Inspect each round for proper seating and visual defects.
- Store completed ammunition in a safe and secure manner.

## Disposal Instructions

- Dispose of any unused or expired reloading materials according to local hazardous waste regulations.

- Do not discard any materials in regular trash if they pose a risk to health or safety.
- Follow proper disposal methods for steel components and packaging materials.

## Contact Information for Further Support

For any inquiries regarding safety or product usage, please contact your local Lee Precision distributor or refer to the official Lee Precision website for additional resources.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Lee Precision Steel 3D Die Rifle Set. Thank you for your attention to safety, and happy reloading!
