## **SIG SAUER 250/320 COMPACT MEDIUM GRIP RUBBER BLACK**

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

### **Improve Your SIG Modular Grip**

The SIG Sauer P230 and P250 may have interchangeable grip frames that add to the versatility and modularity of the company's popular polymer-pistol series, but the Talon Compact Grip Tape enhances the grip in a way that swappable frames can't do. The Talon Compact Grip Tape provides enhanced texturing for those looking to ensure a solid grip on their handgun, and this tape specifically fits the compact modular frames for the P320 and the P250. The tape design ensures that surfaces on the side panels, thumb rests, under the trigger guard and backstrap are all enhanced. Available in rubber and granulate textures Color: Black Features ambidextrous safety cut The Talon Compact Grip Tape also features a cutout that preserves the SIG Sauer emblem on the grip frames.

# Safety Instruction Guide for SIG SAUER P250, P320 Compact Grip Tape

## Introduction

Thank you for choosing the SIG SAUER P250, P320 Compact Grip Tape by TALON GRIPS INC. This product is designed to enhance your grip on your firearm, ensuring better control and safety during use. Please read this safety instruction guide carefully to ensure safe and proper use of the grip tape.

## General Safety Guidelines

- Ensure safe use of the grip tape by following these guidelines:
  - Always handle firearms with care and adhere to all safety protocols.
  - Use the grip tape only on compatible models (SIG SAUER P250 and P320 compact frames).
  - Keep the grip tape free from moisture and debris to maintain its effectiveness.
  - Check the grip tape regularly for wear and replace it if it shows signs of damage.
- If you notice any unsafe conditions or malfunctions, discontinue use immediately and consult a professional.

## Specific Safety Precautions for Use

- When using the grip tape, be aware of the following:
  - Ensure that the firearm is unloaded before applying or adjusting the grip tape.
  - Avoid applying excessive force when installing the grip tape to prevent damage.
  - Do not use the grip tape as a substitute for proper firearm handling and safety training.
  - Keep the grip tape out of reach of children and vulnerable individuals.
  - Be mindful of the grip tape's texture; it may cause friction against clothing or skin.

## Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the grip tape:

### 1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Clean the surface of the grip frame with alcohol to remove any oils or residues.

### 2. Application:

- Carefully peel the backing off the grip tape.
- Align the grip tape with the grip frame, ensuring that it covers all necessary areas.
- Press down firmly on the tape to secure it in place, ensuring there are no air bubbles.

### 3. Final Check:

- Once applied, check that the grip tape is securely attached and does not interfere with the operation of the firearm.
- Test the grip to ensure it feels comfortable and secure in your hand.

### • Usage:

- Use the grip tape to enhance your grip while handling the firearm.
- Regularly inspect the grip tape for signs of wear or damage and replace as necessary.

## Disposal Instructions

- Dispose of used grip tape responsibly:
  - If the grip tape is damaged or no longer needed, place it in your regular waste bin.
  - Do not dispose of the grip tape in recycling bins, as it may not be recyclable.

## Contact Information for Further Support

- For safety inquiries or additional support, please refer to the manufacturer's contact information provided with your product packaging.

## Conclusion

By following these safety instructions, you can ensure a safe and effective use of the SIG SAUER P250, P320 Compact Grip Tape. Always prioritize safety and proper handling of your firearm. Thank you for your attention to these guidelines.
