Enhance Your Slim-Frame Glock~

Glock's SF slim-frame pistol models are designed to provide shooters with a grip that better fits their hands. The Talon Gen 3 Glock Grip Tape enhances the grips on these pistols even further, thanks to the company's innovative, easy-to-use wraparound design. The Talon Gen 3 Glock Grip Tape is a non-permanent modification to any grip frame, thanks to the company's powerful adhesive that secures the grip tape in place and also provides for easy removal, if needed. The tape covers the areas on both side panels of the grip, as well as the thumb rest, two finger grooves, backstrap, and under the trigger guard. Comes in rubber and granulate textures Color: black Features control cutouts The Talon Gen 3 Glock Grip Tape fits the following Glock pistol models: G29SF, G30SF, G30S, G36.

GRIP TAPE FOR GEN 3 GLOCK® 29SF, 30SF, 30S, 36 Safety Instruction Guide

Introduction

Thank you for choosing the Talon Grip Tape for your Gen 3 Glock® 29SF, 30SF, 30S, and 36. This product is designed to enhance your grip and improve your shooting experience. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Ensure that the product is suitable for your specific Glock model before installation.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Keep the grip tape out of reach of children and individuals who may misuse it.
- Regularly inspect the grip tape for wear or damage to ensure it remains safe to use.
- If you experience any adverse reactions (e.g., skin irritation) while using the grip tape, discontinue use immediately.

Specific Safety Precautions for Use

- Do not use the grip tape if the adhesive is damaged or compromised.
- Ensure the grip tape is applied correctly to avoid any obstruction of the firearm's controls.
- Avoid exposing the grip tape to extreme temperatures or harsh chemicals, as this may weaken the adhesive.
- Always ensure that your firearm is unloaded and safe before applying or removing the grip tape.
- Be cautious when handling your firearm, especially during installation or removal of the grip tape.

Instructions for Installation and Usage

1. Preparation

- Clean the grip surface of your Glock thoroughly to remove any oils, dirt, or debris.
- Allow the surface to dry completely before applying the grip tape.

2. Application

- Carefully peel the backing off the grip tape.
- Align the grip tape with the grip frame, ensuring it covers the necessary areas (side panels, thumb rest, finger grooves, backstrap, and under the trigger guard).
- Press the grip tape firmly onto the surface, ensuring there are no air bubbles or wrinkles.

3. PostApplication

- Allow the adhesive to set for at least 24 hours before using the firearm to ensure maximum adhesion.
- Regularly check the grip tape for signs of wear or lifting. Reapply or replace as necessary.

4. Removal

- To remove the grip tape, gently peel it away from the grip frame. If you encounter resistance, use a heat source (like a hairdryer) to soften the adhesive.
- Clean any residual adhesive from the grip surface with a suitable solvent.

Disposal Instructions

- Dispose of any used grip tape responsibly.
- Check local regulations for proper disposal methods for adhesive materials.
- Do not dispose of the product in regular household waste if it is deemed hazardous.

Contact Information for Further Support

For any safety inquiries or to report unsafe products, please contact your local authorities or refer to the EU's Safety Gate platform for updates on recalls and safety alerts.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your enhanced shooting experience with the Talon Grip Tape!
