

# RUGER® LC9S® GRIP TAPE - TALON GRIPS INC RUGER LC9S GRIP GRANULATED BLACK

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

## Provides Enhanced Texturing

The Ruger LC9S is a great 9mm personal-defense pistol for those looking for a concealable gun in a caliber larger than .380 ACP, but the slim, single-stack design of the LC9S can be enhanced with the addition of Talon Ruger LC9S Grip Tape. The Talon Ruger LC9S Grip Tape offers users a textured, wraparound design that enhances the tactile feel of the grip, allowing it to remain anchored in the hand during rapid-fire strings. The tape covers both grip panels, thumb rests, beneath the trigger guard and the backstrap of the gun. Available in rubber and granulate options Color: black Features cutout for safety The Talon Ruger LC9S Grip Tape features a solid adhesive that remains secure to the gun while allowing users to remove it easily.

# Safety Instructions for RUGER® LC9S® Grip Tape

## Introduction

Thank you for choosing the RUGER® LC9S® Grip Tape by TALON GRIPS INC. This guide provides essential safety information and instructions for the proper use and installation of the grip tape. Please read this document carefully to ensure safe handling and optimal performance of your product.

## General Safety Guidelines

- Ensure that the firearm is unloaded before applying or handling the grip tape.
- Keep the grip tape away from children and unauthorized users.
- Regularly inspect the grip tape for wear or damage.
- If the grip tape becomes damaged, remove it immediately to prevent any safety hazards.
- Do not use the grip tape if it shows signs of deterioration or if the adhesive is compromised.
- Always follow the manufacturer's instructions for firearm operation and maintenance.

## Specific Safety Precautions for Use

- The grip tape is designed for use with the RUGER® LC9S® model only. Do not attempt to use it on other firearm models.
- Ensure that the grip tape does not interfere with the safe operation of the firearm, including trigger function and safety mechanisms.
- Avoid exposing the grip tape to extreme temperatures or harsh chemicals, as this may affect its performance.
- Do not apply excessive force on the grip tape during installation or removal to avoid damaging the firearm or the tape.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Clean the grip surface of the firearm to remove any oils, dirt, or debris.

### 2. Installation

- Carefully peel back a portion of the grip tape from its backing.
- Align the grip tape with the grip panels, thumb rests, trigger guard, and backstrap of the firearm.
- Press down firmly on the grip tape to ensure proper adhesion.
- Gradually peel away the backing while smoothing the tape down to avoid air bubbles.
- Ensure that the grip tape covers all intended areas without obstructing any operational parts of the firearm.

### 3. Usage

- After installation, allow the adhesive to cure for at least 24 hours before using the firearm.
- Regularly check the grip tape for signs of wear and address any issues promptly.

## Disposal Instructions

- Dispose of any removed grip tape in accordance with local waste disposal regulations.
- Do not incinerate the grip tape as it may release harmful substances.

## **Contact Information for Further Support**

For any questions or concerns regarding the RUGER® LC9S® Grip Tape, please consult the manufacturer's website or customer service for assistance.

Thank you for prioritizing safety while enjoying your RUGER® LC9S® Grip Tape. Your adherence to these guidelines ensures a safer experience for you and those around you.
