Safety Instruction Guide for S&W M&P Full Size Small Backstrap Grip Tape

Introduction

Thank you for choosing the S&W M&P Full Size Small Backstrap Grip Tape by Talon Grips Inc. This product is designed to enhance the grip of your Smith & Wesson M&P pistol, providing improved control and comfort. It is important to follow the safety guidelines outlined in this document to ensure safe usage and optimal performance.

General Safety Guidelines

- Ensure that the grip tape is compatible with your specific model of the Smith & Wesson M&P pistol.
- Inspect the grip tape for any signs of damage or wear before installation and use.
- Keep the grip tape out of reach of children and vulnerable individuals to prevent accidental misuse.
- Do not use the grip tape if it is damaged or if you notice any adverse effects on your grip or control of the pistol.
- Always follow proper firearm safety practices when handling your pistol, including keeping the firearm pointed in a safe direction and keeping your finger off the trigger until ready to shoot.

Specific Safety Precautions for Use

- Avoid exposing the grip tape to extreme temperatures, moisture, or harsh chemicals that may degrade its adhesive properties.
- Do not attempt to modify or alter the grip tape in any way, as this may compromise its effectiveness and safety.
- Ensure that your hands are clean and dry before handling the grip tape to avoid contamination that may affect adhesion.
- Be aware of the grip tape's texture; it is designed to enhance grip but may cause discomfort if used without gloves for extended periods.

Instructions for Installation and Usage

1. Preparation:

- Clean the grip frame of your pistol thoroughly with a suitable cleaner to remove any oils, dirt, or residues.
- Allow the grip frame to dry completely before proceeding with installation.

2. Installation:

- Carefully peel the backing off the grip tape, taking care not to touch the adhesive surface.
- Align the grip tape with the grip frame of your pistol, ensuring proper placement over the side panels, thumb rests, trigger guard, and backstrap.
- Press the grip tape firmly onto the grip frame, smoothing out any air bubbles as you go.
- For optimal adhesion, allow the grip tape to cure for at least 24 hours before using the pistol.

3. Usage:

- Regularly check the grip tape for signs of wear or damage during routine maintenance of your pistol.
- Replace the grip tape if you notice any peeling, lifting, or deterioration in texture.

Disposal Instructions

- Dispose of any unused or damaged grip tape in accordance with local regulations for adhesive materials.
- Do not dispose of the grip tape in a manner that may pose a risk to the environment or public safety.

Contact Information for Further Support

For any safety inquiries or concerns regarding the S&W M&P Full Size Small Backstrap Grip Tape, please refer to the manufacturer's contact information available on their official website or product packaging.

By adhering to these safety instructions, you can ensure a safe and enjoyable experience with your S&W M&P Full Size Small Backstrap Grip Tape. Thank you for prioritizing safety and responsible firearm handling.
