Safety Instruction Guide for S&W M&P Full Size Medium Backstrap Grip Tape

Introduction

Thank you for choosing the S&W M&P Full Size Medium Backstrap Grip Tape by Talon Grips Inc. This product is designed to enhance your shooting experience by providing improved grip and control over your Smith & Wesson M&P pistol. It is important to follow safety guidelines to ensure safe and effective use of this product.

General Safety Guidelines

- Always ensure that your firearm is unloaded before installing or handling the grip tape.
- Use the grip tape only on the specified model, the Smith & Wesson M&P Full Size, to avoid compatibility issues.
- Keep the grip tape and all related materials out of reach of children and vulnerable individuals.
- Regularly inspect the grip tape for wear or damage. If any issues are found, discontinue use immediately.
- Report any unsafe product experiences or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the grip tape is securely attached before using the firearm.
- Avoid using the firearm in wet or slippery conditions, as this may affect the grip performance.
- Be aware of the potential for the grip tape to wear over time, which may affect the grip's effectiveness.
- If using the firearm in extreme temperatures, monitor the grip tape for any changes in texture or adhesion.

Instructions for Installation and Usage

1. Preparation:

- Clean the grip area of your Smith & Wesson M&P pistol with a suitable solvent to remove any oils or residues.
- Ensure the firearm is unloaded and pointed in a safe direction.

2. Installation:

- Carefully peel the backing off the grip tape.
- Align the grip tape with the grip frame of the pistol, ensuring it fits properly over the side panels, thumb rests, front strap, and backstrap.
- Press down firmly to ensure good adhesion, starting from the center and working outwards to avoid air bubbles.

3. Usage:

- Once installed, test the grip by holding the firearm to ensure comfort and control.
- If adjustments are needed, the grip tape can be removed without damaging the grip frame. To do this, gently peel it off starting from one corner.

4. Maintenance:

- Clean the grip tape periodically with a damp cloth to maintain its texture and appearance.
- Replace the grip tape if it becomes worn, damaged, or loses its adhesive properties.

Disposal Instructions

- Dispose of the grip tape and packaging materials in accordance with local regulations.
- Do not incinerate the grip tape, as it may release harmful substances.

Contact Information for Further Support
