

# REMINGTON 700 GEN 4 X-RAY CHASSIS - KINETIC RESEARCH GROUP REMINGTON 700 SA X-RAY CHASSIS FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

X-Ray Chassis (Generation 4) Unprecedented value...This is what the X-Ray chassis provides to you. When you pick up the X-Ray, it will feel nice and light compared to other chassis. You'll have nearly identical ergonomics to the Whiskey-3 with only a little more time involved in adjusting the different aspects like the length of pull. Furthermore, you'll have all the standard benefits of a chassis like the use of AICS magazines, a variety of mounting points for slings, barrier stops, etc., and aluminum block bedding for the action while not having to sell off a kidney to pay the price of admission. To accomplish Kinetic Research Group's design intent, we kept the features that everyone wants and needs and eliminated those that weren't necessary. Then they utilized efficient manufacturing processes to keep production costs down and in turn keep the price to the shooter down. The end result is a hybrid aluminum and polymer chassis that we think you'll love. Kinetic Research Group is proud to present the X-Ray chassis, the result of years of careful design, thought, refinement, and hard work. The change is a new one piece backend, which comes standard with tool-less buttpad height and cant adjustment, as well as a ambidextrous cheekpiece thumbscrew. All KRG's chassis take AICS magazines with nothing extra needed, the magazine is not included. Note: Actions with trigger hangers will not work without mods to the chassis, hanger, or both.

## Attributes

- Name: [KINETIC RESEARCH GROUP REMINGTON 700 SA X-RAY CHASSIS FDE](#)
- Manufacturer: [KINETIC RESEARCH GROUP](#)
- Product no.: 100054261
- Mfr. No.: XRY-R7S-FDE
- Action Type: Short
- Colour: Flat Dark Earth
- Model: 700
- Style: Chassis
- Weapon type: Remington
- Weight: 3 lbs
- Delivery weight: 2.145kg
- Shipping height: 76mm
- Shipping width: 165mm
- Shipping length: 787mm

## Item details

Made in USA

US export classification: 0A501.y.1

# Safety Instruction Guide for REMINGTON 700 GEN 4 XRAY CHASSIS

## Introduction

Thank you for choosing the REMINGTON 700 GEN 4 XRAY CHASSIS by Kinetic Research Group. This guide provides essential safety instructions to ensure the safe use and maintenance of your chassis. Please read this document carefully before installation and usage.

## General Safety Guidelines

- **Product Safety:** This product is designed to meet safety requirements for nonfood items. Ensure safe handling and usage to prevent accidents.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. If a recall occurs, follow the instructions provided for remedies.
- **Online Shopping:** If purchased online, ensure the retailer complies with safety standards equivalent to physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach to avoid accidents.
- **EU Contact Point:** For safety inquiries, please refer to the relevant EU contact point or authority.
- **Rapid Alerts:** Monitor updates on unsafe products through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Read All Instructions:** Before using the chassis, read all instructions and safety guidelines provided in this manual.
- **Check Compatibility:** Ensure your firearm is compatible with the XRay chassis. Modifications may be necessary for certain actions.
- **Inspect Before Use:** Regularly inspect the chassis for any signs of wear or damage. Do not use if damaged.
- **Proper Handling:** Always handle the chassis with care. Avoid dropping or striking it against hard surfaces.
- **Use Appropriate Ammunition:** Ensure that you use only recommended ammunition for your firearm to prevent malfunctions.
- **Follow Local Laws:** Adhere to all local laws and regulations regarding firearm and chassis usage.
- **Avoid Modifications:** Do not make unauthorized modifications to the chassis, as this may compromise safety and performance.
- **Use Safety Gear:** Always wear appropriate safety gear when using firearms, including eye and ear protection.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure you have the necessary tools for installation.
- Follow the manufacturer's instructions for mounting the chassis to your firearm.
- Adjust the toolless buttpad height and cant as needed for comfort.
- Ensure the cheekpiece is securely attached and adjusted for your preference.
- Confirm that the chassis is properly fitted and secured before use.

### 2. Usage:

- Familiarize yourself with the chassis features and adjustments before taking it to the range.

- Practice safe firearm handling at all times.
- Use AICS magazines as specified. Ensure they are properly inserted and seated in the chassis.
- Avoid using the chassis with trigger hangers without proper modifications, as this may lead to unsafe conditions.

## Disposal Instructions

- **Environmental Considerations:** Dispose of the chassis responsibly. Check local regulations for disposal of materials such as aluminum and polymer.
- **Recycling:** If possible, recycle components of the chassis according to local recycling guidelines.

## Contact Information for Further Support

For additional support or inquiries regarding the REMINGTON 700 GEN 4 XRAY CHASSIS, please refer to the manufacturer's website or contact the retailer from whom you purchased the product.

By following these guidelines, you can ensure the safe and effective use of your REMINGTON 700 GEN 4 XRAY CHASSIS. Thank you for prioritizing safety.
