

REMINGTON 700 GEN 4 X-RAY CHASSIS - KINETIC RESEARCH GROUP REMINGTON 700 LA X-RAY CHASSIS BLACK

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

X-Ray Chassis (Generation 4) Unprecedented value...This is what the X-Ray chassis provides to you. When you pick up the X-Ray, it will feel nice and light compared to other chassis. You'll have nearly identical ergonomics to the Whiskey-3 with only a little more time involved in adjusting the different aspects like the length of pull. Furthermore, you'll have all the standard benefits of a chassis like the use of AICS magazines, a variety of mounting points for slings, barrier stops, etc., and aluminum block bedding for the action while not having to sell off a kidney to pay the price of admission. To accomplish Kinetic Research Group's design intent, we kept the features that everyone wants and needs and eliminated those that weren't necessary. Then they utilized efficient manufacturing processes to keep production costs down and in turn keep the price to the shooter down. The end result is a hybrid aluminum and polymer chassis that we think you'll love. Kinetic Research Group is proud to present the X-Ray chassis, the result of years of careful design, thought, refinement, and hard work. The change is a new one piece backend, which comes standard with tool-less buttpad height and cant adjustment, as well as an ambidextrous cheekpiece thumbscrew. All KRG's chassis take AICS magazines with nothing extra needed, the magazine is not included. Note: Actions with trigger hangers will not work without mods to the chassis, hanger, or both.

Attributes

- Name: [KINETIC RESEARCH GROUP REMINGTON 700 LA X-RAY CHASSIS BLACK](#)
- Manufacturer: [KINETIC RESEARCH GROUP](#)
- Product no.: 100054264
- Mfr. No.: XRY-R7L-BLK
- Action Type: Long
- Colour: Black
- Model: 700
- Style: Chassis
- Weapon type: Remington
- Weight: 3 lbs
- Delivery weight: 2.136kg
- Shipping height: 76mm
- Shipping width: 165mm
- Shipping length: 787mm

REMINGTON 700 GEN 4 XRAY CHASSIS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the REMINGTON 700 GEN 4 XRAY CHASSIS by Kinetic Research Group. This guide provides essential safety information, installation instructions, and usage guidelines to ensure the safe and effective use of your new chassis. Please read this manual carefully before use.

General Safety Guidelines

- **Product Safety:** Always ensure the safe use of the chassis. Follow all instructions to avoid risks associated with improper handling.
- **Enhanced Recalls:** Stay informed about product recalls. If notified of a recall, follow the instructions provided to ensure your safety.
- **Online Shopping Protections:** When purchasing online, ensure that the retailer complies with safety standards similar to those of physical stores.
- **Special Consumer Focus:** Extra care should be taken when the chassis is used by or around vulnerable groups, including children.
- **EU Contact Point:** For any safety inquiries, refer to the product's EU contact point.
- **Rapid Alerts:** Regularly check the EU Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Read All Instructions:** Before using the chassis, read all instructions and safety guidelines provided in this manual.
- **Inspect the Chassis:** Before each use, inspect the chassis for any signs of damage or wear. Do not use if damaged.
- **Use Appropriate Ammunition:** Only use ammunition that is compatible with the REMINGTON 700 LA action to prevent malfunction or injury.
- **Securely Install the Chassis:** Ensure the chassis is securely attached to the firearm before use. Follow installation instructions carefully.
- **Avoid Modifications:** Do not modify the chassis or the firearm without consulting a qualified gunsmith. Modifications can lead to unsafe conditions.
- **Safe Handling:** Always treat the chassis and firearm as if they are loaded. Keep the muzzle pointed in a safe direction.
- **Supervision:** When used by inexperienced users or children, ensure adult supervision at all times.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded before beginning the installation.
- Remove the existing stock from the firearm according to the manufacturer's instructions.
- Align the chassis with the action of the firearm. Ensure that all mounting points are correctly positioned.
- Securely attach the chassis using the provided hardware. Tighten all screws to the manufacturer's specifications.
- Check that the chassis is firmly attached and does not move.

2. Usage:

- Adjust the length of pull and buttpad height as needed for comfort. Use the toolless adjustment

feature for ease of use.

- Ensure the cheekpiece is adjusted to your preference using the ambidextrous thumbscrew.
- Load the AICS magazine according to the manufacturer's instructions. The magazine is not included with the chassis.
- Test the functionality of the chassis with the firearm before engaging in any shooting activities.
- Always follow safe shooting practices and local laws regarding firearm use.

Disposal Instructions

- **Disposal of the Chassis:** When the chassis is no longer usable, dispose of it in accordance with local regulations for hazardous materials.
- **Recycling:** If possible, recycle any aluminum and polymer components of the chassis to minimize environmental impact.
- **Consult Local Authorities:** For specific disposal guidelines, consult your local waste management authorities.

Contact Information for Further Support

For any questions or concerns regarding the REMINGTON 700 GEN 4 XRAY CHASSIS, please refer to the appropriate contact resources available in your region.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your new chassis responsibly!
