

# REMINGTON 700 GEN 4 X-RAY CHASSIS - KINETIC RESEARCH GROUP REMINGTON 700 LA X-RAY CHASSIS FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

X-Ray Chassis (Generation 4) Unprecedented value...This is what the X-Ray chassis provides to you. When you pick up the X-Ray, it will feel nice and light compared to other chassis. You'll have nearly identical ergonomics to the Whiskey-3 with only a little more time involved in adjusting the different aspects like the length of pull. Furthermore, you'll have all the standard benefits of a chassis like the use of AICS magazines, a variety of mounting points for slings, barrier stops, etc., and aluminum block bedding for the action while not having to sell off a kidney to pay the price of admission. To accomplish Kinetic Research Group's design intent, we kept the features that everyone wants and needs and eliminated those that weren't necessary. Then they utilized efficient manufacturing processes to keep production costs down and in turn keep the price to the shooter down. The end result is a hybrid aluminum and polymer chassis that we think you'll love. Kinetic Research Group is proud to present the X-Ray chassis, the result of years of careful design, thought, refinement, and hard work. The change is a new one piece backend, which comes standard with tool-less buttpad height and cant adjustment, as well as an ambidextrous cheekpiece thumbscrew. All KRG's chassis take AICS magazines with nothing extra needed, the magazine is not included. Note: Actions with trigger hangers will not work without mods to the chassis, hanger, or both.

## Attributes

- Name: [KINETIC RESEARCH GROUP REMINGTON 700 LA X-RAY CHASSIS FDE](#)
- Manufacturer: [KINETIC RESEARCH GROUP](#)
- Product no.: 100054265
- Mfr. No.: XRY-R7L-FDE
- Action Type: Long
- Colour: Flat Dark Earth
- Model: 700
- Style: Chassis
- Weapon type: Remington
- Weight: 3 lbs
- Delivery weight: 2.145kg
- Shipping height: 76mm
- Shipping width: 165mm
- Shipping length: 787mm

## Item details

Made in USA

US export classification: 0A501.y.1

# Safety Instruction Guide for the REMINGTON 700 GEN 4 XRAY CHASSIS

## Introduction

Thank you for your purchase of the REMINGTON 700 GEN 4 XRAY CHASSIS. This guide provides essential safety instructions and information to ensure the proper use and maintenance of your chassis. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Always treat firearms and firearm components with care and respect.
- Keep the chassis and any associated equipment out of reach of children and unauthorized users.
- Inspect the chassis regularly for signs of wear or damage.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before attaching or detaching the chassis.
- Use only compatible AICS magazines with the chassis.
- Be aware that actions with trigger hangers may require modifications for proper fitment.
- Avoid using the chassis in extreme conditions (e.g., excessive heat, cold, or moisture) that could affect performance.
- When making adjustments, ensure that all components are securely tightened before use.
- Do not exceed the manufacturer's weight limits for the chassis.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded.
- Remove the existing stock from the firearm.
- Align the action of the firearm with the chassis.
- Secure the action using the provided hardware, ensuring it is tightly fastened.
- Attach the butt pad and adjust the height and cant as needed using the toolless adjustment feature.
- Install the ambidextrous cheekpiece thumbscrew to your preferred position.

### 2. Usage:

- Familiarize yourself with the ergonomics of the chassis before use.
- Practice safe handling techniques when using the firearm equipped with the chassis.
- Regularly check the chassis for looseness or wear, especially after extended use.
- Clean the chassis according to the manufacturer's recommendations to maintain performance.

## Disposal Instructions

- Dispose of the chassis in accordance with local regulations.
- If the chassis is damaged beyond repair, consider recycling the materials where possible.
- Do not dispose of the chassis in regular household waste.

## **Contact Information for Further Support**
