Safety Instruction Guide for AR15 Buffer Tubes

Introduction

Thank you for choosing the Aero Precision MilSpec Carbine Buffer Tube for your AR15. This guide provides essential safety instructions and information to ensure safe and effective use of the product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the buffer tube is compatible with your AR15 model.
- Always follow local laws and regulations regarding firearm modifications and usage.
- Keep the buffer tube and all components out of reach of children and unauthorized users.
- Inspect the buffer tube for any signs of damage or wear before installation and usage.
- Use only authorized parts and accessories to avoid compromising safety and performance.
- Report any unsafe products or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- **Potential Hazards:** The buffer tube is designed for use with firearms. Improper use can lead to serious injury or death.
- **Avoiding Hazards:**
 - Do not exceed the maximum weight limit specified for the buffer tube.
 - Ensure that the buffer tube is securely attached to the firearm before use.
 - Do not modify the buffer tube or any associated components.
 - Always handle firearms in a safe manner, following the basic rules of firearm safety.
- **Audience Specific Warnings:** This product is intended for use by individuals who are knowledgeable about firearm safety and operation. It is not suitable for use by children.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing buffer tube if applicable.
- Align the Aero Precision buffer tube with the receiver extension.
- Securely fasten the buffer tube using the appropriate hardware.
- Confirm that the buffer tube is installed correctly and is stable.

2. Usage:

- Before firing, conduct a final inspection to ensure all components are secure.
- Operate the firearm in a safe environment, following all safety protocols.
- Regularly check the buffer tube for signs of wear and tear during routine maintenance.
- If any issues are detected, discontinue use and consult a qualified gunsmith.

Disposal Instructions

- Dispose of the buffer tube in accordance with local regulations.
- If the buffer tube is damaged or no longer usable, do not attempt to repair it.
- Recycle materials where applicable, following environmental guidelines.
