Safety Instruction Guide for AERO Precision Gas Tube 6.75" Pistol Length for AR15

Introduction

Thank you for choosing the AERO Precision Gas Tube for your AR15. This guide provides essential safety information and instructions to ensure the safe use and installation of your gas tube. Please read this document thoroughly before use.

General Safety Guidelines

- Always handle firearms and their components with care and responsibility.
- Ensure that the gas tube is suitable for your specific firearm model.
- Keep all components out of reach of children and unauthorized users.
- Regularly inspect the gas tube for any signs of damage or wear before installation and use.
- Comply with all local laws and regulations regarding firearms and their components.

Specific Safety Precautions for Use

- Use only with compatible AR15 and AR .308 rifles.
- Do not exceed the recommended gas tube length for your specific firearm.
- Avoid using any damaged or worn components as they may pose safety risks.
- Always wear appropriate safety gear, such as eye protection, when handling firearms.
- Ensure the firearm is unloaded before installing or maintaining the gas tube.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and ensure you have a clean, welllit workspace.
- Ensure your firearm is unloaded and safe to work on.

2. Installation Steps

- Remove the existing gas tube from your firearm, if applicable.
- Align the new AERO Precision Gas Tube with the gas block on your firearm.
- Secure the gas tube in place using the included roll pin, ensuring it is properly seated.
- Doublecheck that all connections are tight and secure.

3. PostInstallation Checks

- Inspect the gas tube installation to ensure it is correctly aligned and secured.
- Conduct a function check of your firearm to ensure proper operation.
- If any issues arise, consult a qualified gunsmith.

4. Usage

- Follow all standard operating procedures for your firearm.
- Regularly clean and maintain the gas tube as part of your firearm's upkeep.

Disposal Instructions

- Dispose of any damaged or worn gas tubes in accordance with local regulations.

- Do not throw away in regular household waste; instead, contact your local waste disposal authority for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product concerns, please reach out to the manufacturer or authorized dealer from which you purchased the gas tube. Ensure you have your purchase information available for reference.

By following these guidelines, you can ensure the safe and effective use of your AERO Precision Gas Tube. Always prioritize safety and compliance with local laws when handling firearms and their components.
