# Safety Instruction Guide for ULTRALIGHT 34MM SPR SCOPE MOUNTS

## Introduction

Thank you for choosing the ULTRALIGHT 34MM SPR Scope Mount by AERO PRECISION. This guide provides essential safety instructions, installation procedures, and usage guidelines to ensure your product operates safely and effectively. Please read this document carefully before using the scope mount.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a scope mount for AR type upper receivers.
- Always inspect the scope mount before each use to check for any signs of damage or wear.
- Use the product in accordance with the manufacturer's instructions to avoid accidents or injuries.
- Keep the product out of reach of children and vulnerable individuals to prevent misuse.
- Report any unsafe conditions or incidents involving the product to the relevant authorities.

## Specific Safety Precautions for Use

- **Installation Safety:** Ensure that the scope mount is securely attached to the firearm. A loose mount can affect accuracy and safety.
- **Weight Limit:** The scope mount is designed to hold a scope of 34mm size. Do not exceed the weight limit specified by the manufacturer.
- **Screw Torque:** Use a torque wrench to apply the recommended screw torque of 15 inlbs to prevent overtightening, which may damage the mount or the firearm.
- **Eye Relief:** Adjust the rear ring position to achieve optimal eye relief for safe and comfortable viewing.
- **Recoil Protection:** Ensure that the crossslot keyway is properly engaged to provide maximum recoil protection during use.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather the necessary tools: a torque wrench, appropriate screwdrivers, and a cleaning cloth.
- Ensure that the firearm is unloaded and pointed in a safe direction.

### 2. Installation:

- Clean the mounting area on the upper receiver to remove any dirt or debris.
- Align the scope mount with the Picatinny rail on the upper receiver.
- Secure the mount using the provided screws. Ensure that the screws are inserted into the crossslot keyway.
- Use the torque wrench to tighten the screws to 15 inlbs. Do not exceed this torque.

### 3. Scope Attachment:

- Place your 34mm scope into the rings of the mount.
- Adjust the position of the scope to achieve the desired eye relief.
- Tighten the scope ring screws securely, ensuring the scope is held firmly in place.

### 4. Final Checks:

- Inspect the installation to ensure the mount and scope are securely attached.
- Perform a function check by ensuring the firearm operates correctly with the mounted scope.

## Disposal Instructions

- Dispose of the ULTRALIGHT 34MM SPR Scope Mount in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, consider recycling options available in your area.

## Contact Information for Further Support

For any inquiries or further assistance regarding the ULTRALIGHT 34MM SPR Scope Mount, please contact your local dealer or refer to the manufacturer's website for more information.

By following these safety instructions, you can ensure a safe and effective experience with your ULTRALIGHT 34MM SPR Scope Mount. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
