

# 25-06 REMINGTON GOLD MEDAL MATCH BUSHING NECK DIE SET - RCBS 25-06 REMINGTON BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The 25-06 Remington Gold Medal Match Series comprises the finest reloading dies built by RCBS. The two-die Neck Bushing set includes the Neck Bushing Sizer Die, which resizes only the case neck, and a Seater Die. This changeable diameter neck bushing die has been trusted by benchrest and long-range precision shooters for years. It lets reloaders precisely set the amount of tension on the bullet, reducing work-hardening of the case neck brass, prolonging case life and increasing accuracy. However, getting these benefits requires the use of high-end brass with consistent neck thicknesses. Neck bushings (sold separately) are available in .001-inch increments from .189-inch to .365-inch. Note: Neck Bushings are not included.

## Attributes

- Name: [RCBS 25-06 REMINGTON BUSHING NECK DIE SET](#)
- Manufacturer: [RCBS](#)

# Safety Instruction Guide for 2506 Remington Gold Medal Match Bushing Neck Die Set

## Introduction

Thank you for choosing the 2506 Remington Gold Medal Match Bushing Neck Die Set by RCBS. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and follow all instructions carefully to maximize your safety and the performance of your reloading equipment.

## General Safety Guidelines

- Always handle reloading equipment with care to prevent accidents.
- Ensure that your workspace is clean and organized to avoid distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Be aware of the specific hazards associated with reloading, including the handling of primers and powder.

## Specific Safety Precautions for Use

- Ensure that the neck bushing die is compatible with the 2506 Remington cartridge.
- Always verify that the die is securely mounted in the reloading press before use.
- Do not exceed recommended load specifications for your reloading components.
- Use only highquality brass with consistent neck thicknesses to achieve optimal performance.
- Regularly inspect your reloading equipment for wear and damage.
- Store neck bushings in a safe and organized manner to prevent loss or damage.

## Instructions for Installation and Usage

### 1. Installation of the Neck Bushing Die:

- Securely mount the Neck Bushing Sizer Die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is adjusted to the correct height for your specific setup.

### 2. Using the Neck Bushing Die:

- Select the appropriate neck bushing for your desired bullet tension, ensuring it is within the range of .189inch to .365inch.
- Insert the selected neck bushing into the die, ensuring a snug fit.
- Resize the case neck by following the reloading press operation manual. Apply consistent pressure throughout the resizing process.

### 3. Seating the Bullet:

- After resizing, use the Seater Die to seat the bullet to the desired depth.
- Check the overall cartridge length to ensure it meets your specifications.

### 4. PostUse Inspection:

- After reloading, inspect completed cartridges for any defects or irregularities.
- Store reloaded ammunition in a safe and organized manner, away from heat sources and direct sunlight.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact local waste management authorities for proper disposal methods of hazardous materials.

## **Contact Information for Further Support**

For safety inquiries or additional support, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

## **Conclusion**

The 2506 Remington Gold Medal Match Bushing Neck Die Set is designed for precision and reliability. By following the safety guidelines and instructions outlined in this guide, you can ensure a safe reloading experience. Always prioritize safety and be aware of the potential hazards associated with reloading. Thank you for choosing RCBS for your reloading needs.
