

280 REMINGTON GOLD MEDAL MATCH BUSHING NECK DIE - RCBS

280 REMINGTON BUSHING NECK DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The 280 Remington Gold Medal Match Series comprises the finest reloading dies built by RCBS. The Neck Bushing Sizer Die resizes only the case neck, and its changeable diameter neck bushing design has been trusted by benchrest and long-range precision shooters for years. It lets reloaders precisely set the amount of tension on the bullet, reducing work-hardening of the case neck brass, prolonging case life and increasing accuracy. However, getting these benefits requires the use of high-end brass with consistent neck thicknesses. Neck bushings (sold separately) are available in .001-inch increments from .189-inch to .365-inch. Note: Neck Bushings are not included.

Safety Instruction Guide for the 280 Remington Gold Medal Match Bushing Neck Die

Introduction

Thank you for choosing the 280 Remington Gold Medal Match Bushing Neck Die by RCBS. This product is designed to enhance your reloading experience, providing precision and accuracy for your shooting needs. However, to ensure safe and effective use, it is essential to follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always handle reloading equipment with care and respect.
- Ensure that your workspace is clean, organized, and free of distractions.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Keep the product out of reach of children and vulnerable individuals.
- Familiarize yourself with the product and its components before use.
- Regularly check for any signs of wear or damage to the die and its components.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the die is compatible with your reloading press before use.
- Only use highquality brass cases with consistent neck thickness for optimal performance.
- Use neck bushings that are specifically designed for this die and are sold separately.
- Avoid excessive force when resizing cases to prevent damage to the die or cases.
- Always follow the manufacturer's instructions for setup and operation.
- Do not modify the die or its components in any way.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading press is securely mounted and stable.
- Insert the bushing neck die into the reloading press according to the manufacturer's instructions.
- Tighten the die securely to prevent movement during operation.

2. Usage

- Select the appropriate neck bushing based on the diameter required for your cases.
- Adjust the die to set the desired amount of tension on the bullet.
- Insert the brass case into the die and operate the press to resize the neck.
- Carefully remove the resized case and inspect it for any defects.
- Repeat the process for additional cases as needed.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Recycle brass cases and other materials whenever possible.
- Do not dispose of products in regular household waste if they contain hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the use of the 280 Remington Gold Medal Match Bushing Neck Die, please refer to the manufacturer's customer support resources or consult the product manual.

By following these safety instructions, you can ensure a safe and successful reloading experience with your 280 Remington Gold Medal Match Bushing Neck Die. Thank you for your attention to safety and for choosing RCBS products.
