

45-60 WINCHESTER SAFARI STEEL 3-DIE SET - RCBS 45-60 WINCHESTER STEEL 3-DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The 45-60 Winchester 3-Die Roll Crimp Set is for loading straight-wall cartridges. Its steel Sizer Die sizes the case and de-primers. Note: Cases must be lubricated. The Expander Die expands the case to the proper diameter to accept the bullet, and it imparts case mouth flare/bell for bullet feeding. The Seater Die seats the bullet and roll crimps.

Safety Instruction Guide for 4560 Winchester Safari Steel 3Die Set

Introduction

Thank you for choosing the 4560 Winchester Safari Steel 3Die Set by RCBS. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that all safety instructions are followed to prevent accidents and injuries.
- Use the product only for its intended purpose: loading straightwall cartridges.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, including eye protection, when using this product.
- Regularly inspect the product for any signs of damage or wear. Do not use damaged equipment.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Lubrication Requirement:** Always lubricate cases before sizing to prevent case damage and ensure smooth operation.
- **Handling of Components:** Handle all dies and components with care to avoid injury. Sharp edges may be present.
- **Proper Storage:** Store the die set in a secure, dry place when not in use to prevent damage and maintain functionality.
- **Age Restrictions:** This product is intended for use by adults. Ensure that minors are supervised if they are present during use.
- **Work Area:** Use the product in a wellventilated area to avoid inhalation of any dust or particles generated during the reloading process.

Instructions for Installation and Usage

1. Setup:

- Secure the Sizer Die in the reloading press.
- Adjust the die to ensure proper sizing of the case.

2. Lubricate Cases:

- Apply an appropriate case lubricant to the exterior of the cases before inserting them into the Sizer Die.

3. Sizing and Depriming:

- Insert the lubricated case into the Sizer Die and operate the press to size the case and deprime it.

4. Expanding the Case:

- Replace the Sizer Die with the Expander Die.
- Adjust the Expander Die to achieve the desired case diameter and flare at the mouth.

5. Seating the Bullet:

- Install the Seater Die in the press.
- Insert the bullet into the flared case and operate the press to seat the bullet and roll crimp.

6. Final Inspection:

- After reloading, inspect the cases and bullets for any defects before use.

Disposal Instructions

- Dispose of any used components, such as spent primers and empty cases, in accordance with local regulations.
- Do not dispose of hazardous materials in regular waste. Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or support regarding the 4560 Winchester Safari Steel 3Die Set, please refer to the product packaging or visit the manufacturer's website for assistance.

Thank you for your attention to these safety guidelines. Proper use and care of the 4560 Winchester Safari Steel 3Die Set will ensure a safe and enjoyable reloading experience.
