

# 7MM REMINGTON ULTRA MAG GOLD MEDAL MATCH BUSHING FULL LENGTH DIE - RCBS 7MM REMINGTON ULTRA MAGNUM BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The 7mm Remington Ultra Magnum Gold Medal Match Series comprises the finest reloading dies built by RCBS. The Full-Length Sizer Die features a self-centering changeable neck bushing that lets reloaders precisely set the amount of case neck tension on the bullet. This reduces work hardening of the case neck brass, prolonging case life and increasing accuracy. However, getting these benefits requires the use of high-end brass with consistent neck thicknesses. By removing the neck bushing, the Full Length sizing die can also be used as a bump die to set headspace back the desired amount. Neck bushings (sold separately) are REQUIRED and are available in .001-inch increments from .189-inch to .365-inch. Note: Neck Bushings are not included.

## Attributes

- Name: [RCBS 7MM REMINGTON ULTRA MAGNUM BUSHING FULL LENGTH DIE](#)
- Manufacturer: [RCBS](#)

# Safety Instruction Guide for 7MM REMINGTON ULTRA MAG GOLD MEDAL MATCH BUSHING FULL LENGTH DIE RCBS

## Introduction

Thank you for choosing the 7MM Remington Ultra Mag Gold Medal Match Bushing Full Length Die by RCBS. This guide provides important safety information and instructions for the safe use of this product. Please read and follow these guidelines carefully to ensure a safe and effective reloading experience.

## General Safety Guidelines

- Always handle reloading dies with care to avoid injury.
- Ensure that the workspace is clean and organized to prevent accidents.
- Keep reloading components, including dies, out of reach of children and pets.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when reloading.
- Familiarize yourself with the reloading process and follow all manufacturer instructions.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Improper use of the die may lead to dangerous malfunctions or accidents.
- Ensure that the die is compatible with the specific cartridge being reloaded.

### • Avoiding Hazards:

- Always check the condition of the die before use. Inspect for any damage or wear.
- Use only highquality brass with consistent neck thicknesses to avoid excessive work hardening.
- Do not exceed recommended loads or specifications provided by the manufacturer.

### • AgeSpecific Warnings:

- This product is intended for use by individuals aged 18 and older. Ensure that minors are supervised if they are present during reloading activities.

## Instructions for Installation and Usage

### • Installation:

1. Secure the die in a reloading press according to the manufacturer's instructions.
2. Ensure that the die is properly aligned with the ram of the press.
3. Insert the appropriate neck bushing (sold separately) to achieve the desired neck tension.

### • Usage:

1. Prepare your cases by cleaning and inspecting them for defects.
2. Insert a case into the die and raise the ram to begin sizing.
3. Adjust the die as necessary to achieve the desired headspace.
4. Remove the neck bushing if using the die as a bump die.
5. Follow all recommended practices for reloading to maintain safety and accuracy.

## **Disposal Instructions**

- Dispose of any used or damaged reloading components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of this product, please refer to the manufacturer's website or customer service for assistance. Always keep this manual for future reference.

By following these safety instructions, you will ensure a safer reloading experience with the 7MM Remington Ultra Mag Gold Medal Match Bushing Full Length Die by RCBS. Thank you for prioritizing safety in your reloading practices.
