

# STEEL NECK SIZING BUSHINGS - RCBS 0.192" STEEL NECK SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

## Can't Load With RCBS GMM Dies Without One

RCBS Steel Neck Bushings are interchangeable to let the reloader select a bushing that gives precisely the right amount of tension on the bullet when using RCBS Gold Medal Match sizing dies. Using a precisely fitted Steel Neck Bushing reduces work hardening of the case neck brass, prolonging case life and helping to improve accuracy. Self-centering for proper alignment with case neck For best results, the use of high-end brass with consistent neck thicknesses is recommended Bushings come "in-the-white" - bare steel - so traditional case lubrication is required For use ONLY with RCBS Gold Medal sizing dies RCBS recommends having neck bushings one to two sizes above and below your target diameter (see note below). RCBS Steel Neck Bushings are a small but critical component in loading extremely consistent-shooting ammo with your Gold Medal Match sizing dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

## Attributes

- Name: [RCBS 0.192" STEEL NECK SIZING BUSHING](#)
- Manufacturer: [RCBS](#)
- Product no.: 100060229
- Mfr. No.: 81507
- Diameter (Breech): -
- Diameter (in): .192
- Delivery weight: 0.454kg
- Shipping height: 25mm
- Shipping width: 76mm
- Shipping length: 127mm
- UPC: 076683815071

# Safety Instruction Guide for RCBS Steel Neck Sizing Bushings

## Introduction

Thank you for purchasing the RCBS Steel Neck Sizing Bushings. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read and understand these guidelines before using the bushings.

## General Safety Guidelines

- Ensure safe use of the RCBS Steel Neck Sizing Bushings by following these guidelines:
  - Always use the bushings in conjunction with RCBS Gold Medal Match sizing dies.
  - Familiarize yourself with the product before use to avoid accidents.
  - Keep the bushings out of reach of children and vulnerable individuals.
  - Regularly inspect the bushings for signs of wear or damage before each use.
  - Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- To ensure safe handling of the RCBS Steel Neck Sizing Bushings:
  - Use traditional case lubrication when handling the bushings, as they come "inthewhite" (bare steel).
  - Wear safety glasses to protect your eyes from metal shavings or debris during use.
  - Handle the bushings with care to avoid cuts or injuries from sharp edges.
  - Do not exceed the recommended tension on the bullet to prevent damage to the case neck.

## Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the RCBS Steel Neck Sizing Bushings:
  - 1. Select the Correct Bushing Size:**
    - Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003" for correct neck tension.
    - Alternatively, measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet, and subtract .002" to .003".
  - 2. Install the Bushing:**
    - Ensure the bushing is clean and free of debris.
    - Insert the selected bushing into the RCBS Gold Medal Match sizing die.
  - 3. Prepare Your Cases:**
    - Lubricate the cases using traditional case lubrication to prevent sticking and damage.
  - 4. Size the Cases:**
    - Follow the instructions for your RCBS sizing die to size the cases with the installed bushing.
  - 5. Inspect Sized Cases:**
    - After sizing, inspect the cases for proper neck tension and any signs of damage.

## Disposal Instructions

- Dispose of any damaged or worn bushings responsibly:
  - Follow local regulations for metal disposal.
  - Do not throw the bushings in regular trash if they are damaged; instead, take them to a recycling facility that accepts metal products.

## **Contact Information for Further Support**

- For any inquiries or further assistance regarding the RCBS Steel Neck Sizing Bushings, please refer to the manufacturer's contact details provided with your product packaging or visit the official website.

By following these safety instructions, you can ensure a safe and effective reloading experience with the RCBS Steel Neck Sizing Bushings. Thank you for prioritizing safety in your reloading practices.
