

STEEL NECK SIZING BUSHINGS - RCBS 0.199" STEEL NECK SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Can't Load With RCBS GMM Dies Without One

RCBS Steel Neck Bushings are interchangeable to let the reloader select a bushing that gives precisely the right amount of tension on the bullet when using RCBS Gold Medal Match sizing dies. Using a precisely fitted Steel Neck Bushing reduces work hardening of the case neck brass, prolonging case life and helping to improve accuracy. Self-centering for proper alignment with case neck For best results, the use of high-end brass with consistent neck thicknesses is recommended Bushings come "in-the-white" - bare steel - so traditional case lubrication is required For use ONLY with RCBS Gold Medal sizing dies RCBS recommends having neck bushings one to two sizes above and below your target diameter (see note below). RCBS Steel Neck Bushings are a small but critical component in loading extremely consistent-shooting ammo with your Gold Medal Match sizing dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

Attributes

- Name: [RCBS 0.199" STEEL NECK SIZING BUSHING](#)
- Manufacturer: [RCBS](#)
- Product no.: 100060236
- Mfr. No.: 81514
- Diameter (in): .199
- Delivery weight: 0.454kg
- Shipping height: 25mm
- Shipping width: 76mm
- Shipping length: 127mm
- UPC: 076683815149

Safety Instruction Guide for RCBS Steel Neck Sizing Bushings

Introduction

Thank you for choosing the RCBS Steel Neck Sizing Bushings. This guide provides important safety information and instructions for the proper use of this product. Please read this guide carefully to ensure safe and effective use.

General Safety Guidelines

- Always handle the sizing bushings with care to prevent injury.
- Ensure the work area is clean and free from distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Use only with RCBS Gold Medal Match sizing dies as intended.
- Regularly inspect the bushings for signs of wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that you are using the correct size bushing for your specific application.
- Avoid applying excessive force when using the sizing bushings to prevent damage.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, when using this product.
- Lubricate the bushings as required to avoid excessive friction and wear.
- Do not use the bushings for any purpose other than intended.

Instructions for Installation and Usage

1. Selecting the Right Bushing:

- Measure the outside neck diameter of your loaded cartridge.
- Subtract .002" to .003" from the measurement to determine the appropriate bushing size.
- Alternatively, measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet, and subtract .002" to .003".

2. Installation:

- Ensure your RCBS Gold Medal Match sizing die is clean and properly set up.
- Insert the selected steel neck sizing bushing into the sizing die.
- Tighten the die to secure the bushing in place.

3. Using the Sizing Bushing:

- Place the brass case into the sizing die.
- Apply steady and even pressure to the press handle to size the case neck.
- Inspect the sized case for proper neck tension and fit.

4. PostUse Care:

- Clean the bushing after each use to prevent residue buildup.
- Store the bushings in a dry, safe place to prevent rust or damage.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste. Instead, check for recycling options or hazardous waste disposal facilities.

Contact Information for Further Support

For any inquiries or support related to the RCBS Steel Neck Sizing Bushings, please refer to the official RCBS website or consult your retailer.

By following these safety instructions, you can ensure a safe and effective experience with your RCBS Steel Neck Sizing Bushings. Thank you for your attention to safety!
