

# STEEL NECK SIZING BUSHINGS - RCBS 0.206" STEEL NECK SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

## Can't Load With RCBS GMM Dies Without One

RCBS Steel Neck Bushings are interchangeable to let the reloader select a bushing that gives precisely the right amount of tension on the bullet when using RCBS Gold Medal Match sizing dies. Using a precisely fitted Steel Neck Bushing reduces work hardening of the case neck brass, prolonging case life and helping to improve accuracy. Self-centering for proper alignment with case neck For best results, the use of high-end brass with consistent neck thicknesses is recommended Bushings come "in-the-white" - bare steel - so traditional case lubrication is required For use ONLY with RCBS Gold Medal sizing dies RCBS recommends having neck bushings one to two sizes above and below your target diameter (see note below). RCBS Steel Neck Bushings are a small but critical component in loading extremely consistent-shooting ammo with your Gold Medal Match sizing dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

## Attributes

- Name: [RCBS 0.206" STEEL NECK SIZING BUSHING](#)
- Manufacturer: [RCBS](#)
- Product no.: 100060242
- Mfr. No.: 81521
- Diameter (in): .206
- Delivery weight: 0.454kg
- Shipping height: 25mm
- Shipping width: 76mm
- Shipping length: 127mm
- UPC: 076683815217

# Safety Instruction Guide for RCBS Steel Neck Sizing Bushings

## Introduction

Thank you for choosing the RCBS Steel Neck Sizing Bushings. These bushings are designed to enhance your reloading experience by providing precise tension on the bullet during the sizing process. This guide provides essential safety instructions to ensure the safe and effective use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the product instructions before use.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use only with RCBS Gold Medal sizing dies to prevent malfunction.
- Ensure proper alignment of the bushing with the case neck to avoid misalignment and potential injury.
- Wear appropriate safety gear, including eye protection, while handling and using reloading equipment.
- Avoid overtightening the bushing, which may lead to damage or injury.
- Do not use the bushing if it shows signs of excessive wear or damage.
- Follow recommended practices for case lubrication, as the bushings come "inthewhite" (bare steel).

## Instructions for Installation and Usage

### 1. Selecting the Right Bushing:

- Measure the outside neck diameter of your loaded cartridge.
- Subtract .002" to .003" from this measurement for the correct bushing size.
- Alternatively, measure the neck wall thickness of your case, multiply by two, add the bullet diameter, and subtract .002" to .003".

### 2. Installation:

- Ensure that your RCBS Gold Medal sizing die is clean and free of debris.
- Insert the selected steel neck sizing bushing into the die according to the manufacturer's instructions.
- Securely tighten the bushing to ensure it is properly seated.

### 3. Usage:

- Insert the case into the sizing die with the bushing installed.
- Apply even pressure to the press handle to size the case.
- Inspect the sized case for proper neck tension and alignment.

### 4. PostUsage:

- Clean the bushing after use to prevent corrosion.

- Store the bushings in a dry place, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for metal recycling.
- Do not dispose of the product in household waste.
- If the product is damaged or unusable, contact your local waste management service for proper disposal guidance.

## **Contact Information for Further Support**

For further assistance or inquiries regarding safety and usage of RCBS Steel Neck Sizing Bushings, please refer to the manufacturer's contact details provided on the product packaging or visit the official RCBS website.

Thank you for following these safety guidelines. Your adherence ensures a safe and effective reloading experience.
