

# TUNGSTEN COATED NECK SIZING BUSHING - RCBS 0.198"

## TUNGSTEN NECK SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

### No-Lube-Required Bushings for Use With GMM Sizing Dies

RCBS Coated Neck Bushings are interchangeable to let the reloader select a bushing that gives precisely the right amount of tension on the bullet when using RCBS Gold Medal Match neck sizing dies. These bushings have a Tungsten Disulfide (WS2) anti-friction coating, so they do not require use of traditional case lube. Self-centering for proper alignment with case neck. For best results, use of high-end brass with consistent neck thicknesses. For use ONLY with RCBS Gold Medal neck sizing dies RCBS recommends having neck bushings one to two sizes above and below your target diameter (see note below). RCBS Coated Neck Bushings are a small but critical component in loading extremely consistent-shooting ammo with your Gold Medal Match sizing dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

### Attributes

- Name: [RCBS 0.198" TUNGSTEN NECK SIZING BUSHING](#)
- Manufacturer: [RCBS](#)
- Product no.: 100060359
- Mfr. No.: 81713
- Diameter (in): .198
- Delivery weight: 0.045kg
- Shipping height: 25mm
- Shipping width: 51mm
- Shipping length: 152mm
- UPC: 076683817136

# Safety Instruction Guide for TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.198"

## Introduction

Thank you for choosing the TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.198". This product is designed to provide precise neck tension for reloaders using RCBS Gold Medal Match neck sizing dies. This safety instruction guide aims to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure safe handling and usage of the product to prevent accidents or injuries.
- Always read and understand the product instructions before use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use only with RCBS Gold Medal neck sizing dies to ensure compatibility.
- Do not exceed the recommended neck size specifications to avoid improper fitting.
- Handle the bushing with care; avoid dropping or subjecting it to excessive force.
- Ensure proper alignment with the case neck to prevent misalignment during use.
- Always wear safety glasses when working with reloaders or any reloading equipment.
- Do not use the bushing if it shows signs of damage or wear. Replace it immediately.

## Instructions for Installation and Usage

### 1. Selecting the Right Bushing Size:

- Measure the outside neck diameter of your loaded cartridge.
- Subtract .002" to .003" to determine the appropriate bushing size.
- Alternatively, measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet, and then subtract .002" to .003".

### 2. Installing the Bushing:

- Ensure that the neck sizing die is clean and free from debris.
- Insert the tungsten coated neck sizing bushing into the die.
- Ensure that the bushing is seated properly and securely in the die.

### 3. Using the Bushing:

- Place the case into the die and ensure it is aligned properly.
- Operate the reloading press smoothly to size the neck of the case.
- Check the tension on the bullet after sizing to ensure it meets your specifications.

### 4. PostUsage Care:

- Clean the bushing after use to remove any brass residue or debris.
- Store the bushing in a safe and dry location to prevent damage.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste if it is damaged or worn.
- Consider recycling options for metal components if applicable.

## **Contact Information for Further Support**

For further assistance or inquiries regarding safety or usage of the TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.198", please consult your retailer or the manufacturer's customer support resources.
