

TUNGSTEN COATED NECK SIZING BUSHING - RCBS 0.204"

TUNGSTEN NECK SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

No-Lube-Required Bushings for Use With GMM Sizing Dies

RCBS Coated Neck Bushings are interchangeable to let the reloader select a bushing that gives precisely the right amount of tension on the bullet when using RCBS Gold Medal Match neck sizing dies. These bushings have a Tungsten Disulfide (WS2) anti-friction coating, so they do not require use of traditional case lube. Self-centering for proper alignment with case neck. For best results, use of high-end brass with consistent neck thicknesses. For use ONLY with RCBS Gold Medal neck sizing dies RCBS recommends having neck bushings one to two sizes above and below your target diameter (see note below). RCBS Coated Neck Bushings are a small but critical component in loading extremely consistent-shooting ammo with your Gold Medal Match sizing dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

Attributes

- Name: [RCBS 0.204" TUNGSTEN NECK SIZING BUSHING](#)
- Manufacturer: [RCBS](#)
- Product no.: 100060365
- Mfr. No.: 81719
- Diameter (in): .204
- Delivery weight: 0.045kg
- Shipping width: 51mm
- Shipping length: 165mm
- UPC: 076683817198

Safety Instruction Guide for TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.204"

Introduction

Thank you for choosing the TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.204". This product is designed to enhance your reloading experience by providing precise neck tension for your ammunition. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure safe use of the neck sizing bushing by following these guidelines:
 - Always handle the bushing with care to avoid injury.
 - Keep the bushing out of reach of children and pets.
 - Use the product only for its intended purpose.
 - Regularly inspect the bushing for signs of wear or damage before use.
 - If you notice any defects, discontinue use and contact a professional.

Specific Safety Precautions for Use

- When using the TUNGSTEN COATED NECK SIZING BUSHING, please observe the following precautions:
 - Always wear appropriate safety gear, including safety glasses and gloves.
 - Do not exceed the recommended size specifications when selecting a bushing.
 - Ensure that your reloading equipment is in good working condition before use.
 - Follow all manufacturer instructions for your RCBS Gold Medal Match neck sizing dies.
 - Avoid using the bushing with cases that have inconsistent neck thicknesses.
 - Be cautious of sharp edges when handling the bushing.

Instructions for Installation and Usage

- To ensure proper installation and usage of the neck sizing bushing, follow these steps:
 1. **Select the Correct Bushing Size:**
 - Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003".
 - Alternatively, measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet, and subtract .002" to .003".
 2. **Installation:**
 - Ensure your RCBS Gold Medal neck sizing die is clean and free of debris.
 - Insert the selected neck sizing bushing into the die according to the manufacturer's instructions.
 - Secure the bushing in place to prevent movement during operation.
 3. **Usage:**
 - Place the case into the die and apply gentle pressure to size the neck.
 - Monitor the tension on the bullet to ensure it is within the desired specifications.
 - Remove the case from the die and inspect for proper sizing.
 4. **Maintenance:**
 - Clean the bushing after each use to remove any debris or residue.
 - Store the bushing in a safe and dry location to prevent damage.

Disposal Instructions

- When disposing of the TUNGSTEN COATED NECK SIZING BUSHING, please follow these guidelines:
 - Do not dispose of the bushing in regular household waste.
 - Check local regulations for proper disposal methods of metal products.

- If the bushing is damaged or unusable, consider recycling it at a proper facility.

Contact Information for Further Support

- For any questions or concerns regarding the TUNGSTEN COATED NECK SIZING BUSHING, please refer to the manufacturer's contact information provided with your product packaging.

Conclusion

Following these safety instructions will help ensure a safe and effective reloading experience with your TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.204". Always prioritize safety and adhere to best practices for reloading. Thank you for your attention to these guidelines.
