### **No-Lube-Required Bushings for Use With GMM Sizing Dies**

RCBS Coated Neck Bushings are interchangeable to let the reloader select a bushing that gives precisely the right amount of tension on the bullet when using RCBS Gold Medal Match neck sizing dies. These bushings have a Tungsten Disulfide (WS2) anti-friction coating, so they do not require use of traditional case lube. Self-centering for proper alignment with case neck. For best results, use of high-end brass with consistent neck thicknesses. For use ONLY with RCBS Gold Medal neck sizing dies, RCBS recommends having neck bushings one to two sizes above and below your target diameter (see note below). RCBS Coated Neck Bushings are a small but critical component in loading extremely consistent-shooting ammo with your Gold Medal Match sizing dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

### **Attributes**

- Name: [RCBS 0.207" TUNGSTEN NECK SIZING BUSHING](#)
- Manufacturer: [RCBS](#)
- Product no.: 100060368
- Mfr. No.: 81722
- Diameter (in): .207
- Delivery weight: 0.045kg
- Shipping height: 25mm
- Shipping width: 51mm
- Shipping length: 152mm
- UPC: 076683817228

# Safety Instruction Guide for TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.207"

## Introduction

Thank you for choosing the TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.207". This guide provides important safety information, proper usage instructions, and disposal guidelines to ensure your safety and the effective use of this product.

## General Safety Guidelines

- Ensure that you read and understand all safety instructions before using the product.
- Always handle the neck sizing bushing with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product incidents to the relevant authorities.
- Regularly check for updates or recalls related to this product on the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Use the neck sizing bushing only with RCBS Gold Medal neck sizing dies to prevent accidents or damage.
- Avoid using excessive force when inserting or removing the bushing to prevent injury or equipment damage.
- Ensure that the bushing is properly aligned with the case neck before use to avoid misalignment.
- Do not use the bushing with cases that show signs of damage or wear.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses when using this product.

## Instructions for Installation and Usage

### 1. Selecting the Right Bushing Size:

- Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003" for proper neck tension.
- Alternatively, measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet, and subtract .002" to .003".

### 2. Installation:

- Ensure that the neck sizing die is clean and free of debris.
- Insert the neck sizing bushing into the die according to the manufacturer's instructions.
- Tighten the bushing securely but do not overtighten, which may cause damage.

### 3. Usage:

- Place the case into the die and apply a smooth, even pressure to resize the neck.
- Check the tension on the bullet after resizing to confirm that it meets your specifications.
- If necessary, adjust the bushing size based on your measurements.

### 4. PostUse Care:

- Clean the bushing after each use to maintain its effectiveness and longevity.
- Store the bushing in a safe, dry place away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of the neck sizing bushing in accordance with local regulations.
- Do not dispose of the bushing in regular household waste if it is damaged or no longer usable.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For further assistance or inquiries regarding safety and usage of the TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.207", please refer to the manufacturer's contact information provided with the product packaging.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.207". Thank you for your attention to safety!
