

TUNGSTEN COATED NECK SIZING BUSHING - RCBS 0.211"

TUNGSTEN NECK SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

No-Lube-Required Bushings for Use With GMM Sizing Dies

RCBS Coated Neck Bushings are interchangeable to let the reloader select a bushing that gives precisely the right amount of tension on the bullet when using RCBS Gold Medal Match neck sizing dies. These bushings have a Tungsten Disulfide (WS2) anti-friction coating, so they do not require use of traditional case lube. Self-centering for proper alignment with case neck. For best results, use of high-end brass with consistent neck thicknesses. For use ONLY with RCBS Gold Medal neck sizing dies RCBS recommends having neck bushings one to two sizes above and below your target diameter (see note below). RCBS Coated Neck Bushings are a small but critical component in loading extremely consistent-shooting ammo with your Gold Medal Match sizing dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

Attributes

- Name: [RCBS 0.211" TUNGSTEN NECK SIZING BUSHING](#)
- Manufacturer: [RCBS](#)
- Product no.: 100060371
- Mfr. No.: 81726
- Diameter (in): .211
- Delivery weight: 0.045kg
- Shipping height: 25mm
- Shipping width: 51mm
- Shipping length: 152mm

Safety Instruction Guide for TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.211"

Introduction

Thank you for choosing the TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.211". This product is designed to enhance your reloading experience by providing precise neck sizing for consistent ammunition performance. To ensure your safety and the effective use of this product, please read this safety instruction guide carefully.

General Safety Guidelines

- Ensure that you use this product only as intended and in accordance with the instructions provided.
- Always handle tools and equipment with care to avoid injury.
- Store the product in a safe and dry place, out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- If you experience any issues with the product, cease use immediately and consult a qualified professional.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the neck sizing bushing.
- Ensure that your work area is welllit and free of clutter to minimize the risk of accidents.
- Keep your hands and other body parts clear of moving parts during operation to avoid injury.
- Use only compatible RCBS Gold Medal Match neck sizing dies with this neck sizing bushing.
- Follow the manufacturer's recommendations regarding the selection of neck bushings, ensuring you have sizes one to two above and below your target diameter.
- Avoid using the neck sizing bushing on cases that show signs of excessive wear or damage.

Instructions for Installation and Usage

1. Selecting the Right Bushing:

- Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003" for optimal neck tension.
- Alternatively, measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet, and subtract .002" to .003".

2. Installation:

- Ensure that the neck sizing die is clean and free of debris.
- Insert the tungsten coated neck sizing bushing into the die, ensuring it is securely fitted.
- Tighten the die according to the manufacturer's specifications.

3. Using the Neck Sizing Bushing:

- Place the case into the die and apply consistent pressure to resize the neck.
- After resizing, inspect the case for proper neck tension and fit.
- Repeat the process as necessary for each case being resized.

4. PostUse Care:

- Clean the bushing after each use to remove any residue or debris.

- Store the bushing in a protective case to prevent damage.

Disposal Instructions

- Dispose of any damaged or wornout neck sizing bushings in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, check with local recycling facilities for proper disposal methods.

Contact Information for Further Support

For safety inquiries or additional information regarding the TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.211", please consult the manufacturer's customer service or visit their official website.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience when using the TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.211". Always prioritize safety and consult professionals if you have any questions or concerns regarding the use of this product. Thank you for your attention and safe reloading!
