

# TUNGSTEN COATED NECK SIZING BUSHING - RCBS 0.214"

## TUNGSTEN NECK SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

### No-Lube-Required Bushings for Use With GMM Sizing Dies

RCBS Coated Neck Bushings are interchangeable to let the reloader select a bushing that gives precisely the right amount of tension on the bullet when using RCBS Gold Medal Match neck sizing dies. These bushings have a Tungsten Disulfide (WS2) anti-friction coating, so they do not require use of traditional case lube. Self-centering for proper alignment with case neck. For best results, use of high-end brass with consistent neck thicknesses. For use ONLY with RCBS Gold Medal neck sizing dies RCBS recommends having neck bushings one to two sizes above and below your target diameter (see note below). RCBS Coated Neck Bushings are a small but critical component in loading extremely consistent-shooting ammo with your Gold Medal Match sizing dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

### Attributes

- Name: [RCBS 0.214" TUNGSTEN NECK SIZING BUSHING](#)
- Manufacturer: [RCBS](#)
- Product no.: 100060373
- Mfr. No.: 81729
- Diameter (in): .214
- Delivery weight: 0.045kg
- Shipping width: 51mm
- Shipping length: 165mm
- UPC: 076683817297

# TUNGSTEN COATED NECK SIZING BUSHING RCBS

## 0.214" Safety Instruction Guide

### Introduction

Thank you for choosing the RCBS Tungsten Coated Neck Sizing Bushing. This guide provides essential safety instructions and usage guidelines to ensure safe and effective operation of the product. Please read this guide carefully before using the neck sizing bushing.

### General Safety Guidelines

- Ensure safe handling of the product at all times.
- Keep the bushing out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose.
- Regularly inspect the bushing for wear or damage before each use.
- If you notice any defects, discontinue use immediately and seek assistance.

### Specific Safety Precautions for Use

- Always wear appropriate eye protection when using the neck sizing bushing.
- Handle the bushing with care to prevent injury from sharp edges.
- Ensure that the bushing is properly aligned with the case neck before use.
- Avoid excessive force during operation to prevent damage to the bushing and your equipment.
- Store the bushing in a dry, safe place when not in use to prevent corrosion.

### Instructions for Installation and Usage

#### 1. Preparation:

- Measure the outside neck diameter of your loaded cartridge.
- Subtract .002" to .003" from the measurement to determine the appropriate bushing size.
- Alternatively, measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet, and subtract .002" to .003".

#### 2. Installation:

- Ensure that your RCBS Gold Medal Match neck sizing die is clean and free from debris.
- Insert the tungsten coated neck sizing bushing into the die, ensuring it is seated properly.
- Tighten the die lock ring securely to prevent movement during use.

#### 3. Usage:

- Place the cartridge case into the die and apply even pressure to resize the neck.
- Monitor the tension on the bullet to achieve the desired results.
- Remove the resized case from the die and inspect it for proper sizing.

### Disposal Instructions

- Dispose of the tungsten coated neck sizing bushing according to local regulations.
- Do not dispose of the bushing in regular household waste.
- Check with local authorities for proper disposal methods for metal components.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the RCBS Tungsten Coated Neck Sizing Bushing, please reach out to the appropriate support channels available in your region. Ensure you have the product details ready for faster assistance.

By following these guidelines, you can ensure safe and effective use of your RCBS Tungsten Coated Neck Sizing Bushing. Thank you for your attention to safety and enjoy your reloading experience!
