

# TUNGSTEN COATED NECK SIZING BUSHING - RCBS 0.217"

## TUNGSTEN NECK SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

### No-Lube-Required Bushings for Use With GMM Sizing Dies

RCBS Coated Neck Bushings are interchangeable to let the reloader select a bushing that gives precisely the right amount of tension on the bullet when using RCBS Gold Medal Match neck sizing dies. These bushings have a Tungsten Disulfide (WS2) anti-friction coating, so they do not require use of traditional case lube. Self-centering for proper alignment with case neck. For best results, use of high-end brass with consistent neck thicknesses. For use ONLY with RCBS Gold Medal neck sizing dies RCBS recommends having neck bushings one to two sizes above and below your target diameter (see note below). RCBS Coated Neck Bushings are a small but critical component in loading extremely consistent-shooting ammo with your Gold Medal Match sizing dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

### Attributes

- Name: [RCBS 0.217" TUNGSTEN NECK SIZING BUSHING](#)
- Manufacturer: [RCBS](#)
- Product no.: 100060376
- Mfr. No.: 81732
- Diameter (in): .217
- Delivery weight: 0.045kg
- Shipping height: 25mm
- Shipping width: 51mm
- Shipping length: 152mm
- UPC: 076683817327

# Safety Instruction Guide for TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.217"

## Introduction

Thank you for choosing the TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.217". This guide provides essential safety instructions and usage information to ensure your safety and the effective operation of the product. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for signs of wear or damage before use.
- Always follow the manufacturer's instructions and recommendations.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use only with RCBS Gold Medal neck sizing dies as specified.
- Avoid using the bushing with excessive force which may cause damage.
- Ensure that the bushing is properly aligned with the case neck for optimal performance.
- Use highquality brass with consistent neck thicknesses to avoid issues with neck tension.
- Do not use traditional case lube; the tungsten disulfide coating eliminates the need for it.
- Measure the outside neck diameter of your loaded cartridge accurately for proper sizing.

## Instructions for Installation and Usage

### 1. Selecting the Right Bushing:

- Measure the outside neck diameter of your loaded cartridge.
- Subtract .002" to .003" from this measurement to determine the appropriate bushing size.
- Alternatively, measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet, and subtract .002" to .003".

### 2. Installation:

- Ensure your RCBS Gold Medal neck sizing die is clean and free from debris.
- Insert the selected tungsten coated neck sizing bushing into the die.
- Tighten the bushing securely to prevent movement during use.

### 3. Usage:

- Place the case into the die and ensure it is properly centered.
- Apply steady, even pressure to size the neck of the case.
- Remove the case and inspect for proper neck tension.

### 4. PostUse Care:

- Clean the bushing and die after each use to maintain performance.
- Store the bushing in a dry, safe place away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Check for designated recycling centers or hazardous waste disposal options.

## **Contact Information for Further Support**

For any questions or concerns regarding the TUNGSTEN COATED NECK SIZING BUSHING RCBS 0.217", please refer to the manufacturer's customer support resources or your local retailer for assistance.
