Safety Instruction Guide for the RCBS 22 Savage Hi Power Replacement Decapping Assembly

Introduction

Thank you for choosing the RCBS 22 Savage Hi Power Decapping Assembly. This product is designed to assist in the safe and effective reloading of bottleneck cartridges. This guide provides essential safety instructions and usage guidelines to ensure your safety and the proper functioning of the product.

General Safety Guidelines

- Always read and understand all instructions before using the product.
- Ensure that you are in a safe environment where reloading activities can be conducted without distractions.
- Keep the product out of reach of children and unauthorized individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Follow all local laws and regulations regarding ammunition reloading and usage.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the decapping assembly.
- Keep hands clear of moving parts during operation.
- Use the decapping assembly only with compatible sizing dies.
- Avoid using excessive force when operating the decapping assembly to prevent injury or damage.
- Ensure that the workspace is clean and free from obstructions to prevent accidents.
- If you experience any unusual resistance or difficulty during use, stop immediately and inspect the assembly.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Insert the decapping assembly into the sizing die according to the manufacturer's instructions.
- Tighten the assembly securely to prevent loosening during use.

2. Usage:

- Prepare the cartridge cases by ensuring they are clean and free of debris.
- Place the cartridge case in the shell holder of the reloading press.
- Operate the press handle to raise the cartridge case into the sizing die.
- The expander rod and ball will deprime the case and expand the neck as the press is operated.
- Once the operation is complete, remove the deprimed case from the shell holder.

Disposal Instructions

- Dispose of any damaged or unusable parts in accordance with local regulations.
- Ensure that any used cartridge cases are disposed of properly, following local guidelines for hazardous waste.
- Do not dispose of the product in regular household waste if it is damaged or contains hazardous materials.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the EUbased contact point provided with your product packaging or documentation.

By following these guidelines, you can ensure a safe and efficient experience while using the RCBS 22 Savage Hi Power Decapping Assembly. Always prioritize safety and compliance with local regulations during your reloading activities.
