

30 REMINGTON AR FULL LENGTH DIE SET - RCBS 30 REMINGTON AR FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

This 30 Remington AR Two-Die Full Length Die Set is intended for reloading bottleneck cases, and consists of a Full-Length Sizer Die with an Expander-Decapping Unit, and a Seater Die with Bullet Seater Plug. The Full-Length Sizer Die brings the case to SAAMI minimum cartridge dimensions. It sizes the outside of the case, de-primes and expands the neck to accept the bullet. The die has vents to prevent case damage caused by trapped air and for excessive lubricant. Headspace is held to minimum tolerances to avoid changing the case body length during full length sizing. The included Seater Die has a built-in roll crimper to secure the bullet at the same time as it's seated.

Safety Instruction Guide for the 30 Remington AR Full Length Die Set

Introduction

Thank you for choosing the 30 Remington AR Full Length Die Set by RCBS. This product is designed for reloading bottleneck cases and is intended for use by individuals familiar with reloading practices. This guide provides essential safety instructions to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** Always ensure safe handling and use of the die set. Follow all instructions carefully to avoid risks associated with reloading.
- **Enhanced Recalls:** Stay informed about any potential recalls. Check the EU's Safety Gate platform for updates on product safety.
- **Online Shopping:** If purchased online, ensure the seller complies with safety requirements similar to physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep all components out of reach of minors.
- **EU Contact Point:** For safety inquiries, refer to the contact details provided by your retailer or manufacturer.
- **Rapid Alerts:** Be proactive in checking for safety updates regarding this product.

Specific Safety Precautions for Use

- **Read Instructions:** Always read and understand the user manual before using the die set.
- **Personal Protective Equipment:** Wear safety glasses and gloves during the reloading process to protect against debris and sharp edges.
- **Workspace Safety:** Ensure your workspace is clean, welllit, and free from distractions.
- **Inspect Equipment:** Before each use, inspect the die set for any signs of damage or wear. Do not use damaged components.
- **Use Proper Techniques:** Follow recommended techniques for reloading to avoid accidents and ensure accuracy.
- **Avoid Overloading:** Never exceed the recommended load specifications for the cartridges you are reloading.
- **Proper Ventilation:** Ensure adequate ventilation when using lubricants or other chemicals associated with reloading.

Instructions for Installation and Usage

1. Setup:

- Place the FullLength Sizer Die in the reloading press and secure it according to the manufacturer's instructions.
- Install the ExpanderDecapping Unit in the die.
- Adjust the die to achieve the desired headspace as per the specifications.

2. Reloading Process:

- **Sizing:** Insert the empty case into the shell holder and raise the ram to size the case.
- **Depriming:** The decapping unit will remove the spent primer during sizing.
- **Expanding:** The expander will expand the neck of the case to accept the bullet.

- **Seating:** Replace the sizer die with the Seater Die. Insert the bullet and adjust the die to seat the bullet securely.
- **Crimping:** Use the builtin roll crimper on the Seater Die to secure the bullet in place.

3. **Final Inspection:**

- After reloading, inspect each cartridge for proper seating and crimping.
- Ensure there are no visible defects before using the cartridges.

Disposal Instructions

- Dispose of any damaged or unusable components according to local regulations.
- Do not throw away the die set or its components in regular trash. Check for local hazardous waste disposal options if necessary.

Contact Information for Further Support

For further assistance or inquiries regarding safety, please refer to the contact information provided by your retailer or manufacturer. Always ensure you have the latest safety information and updates.

By following these safety instructions, you can enjoy a safe and effective reloading experience with your 30 Remington AR Full Length Die Set. Remember, safety is paramount in all aspects of reloading.
