

# 348 WINCHESTER FULL LENGTH DIE SET - RCBS 348 WINCHESTER FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

This 348 Winchester Two-Die Full Length Die Set is intended for reloading bottleneck cases, and consists of a Full-Length Sizer Die with an Expander-Decapping Unit, and a Seater Die with Bullet Seater Plug. The Full-Length Sizer Die brings the case to SAAMI minimum cartridge dimensions. It sizes the outside of the case, de-primes and expands the neck to accept the bullet. The die has vents to prevent case damage caused by trapped air and for excessive lubricant. Headspace is held to minimum tolerances to avoid changing the case body length during full length sizing. The included Seater Die has a built-in roll crimper to secure the bullet at the same time as it's seated.

## Attributes

- Name: [RCBS 348 WINCHESTER FULL LENGTH DIE SET](#)
- Manufacturer: [RCBS](#)
- Product no.: 100060662
- Mfr. No.: 33601

# Safety Instruction Guide for the 348 Winchester Full Length Die Set

## Introduction

Thank you for choosing the 348 Winchester Full Length Die Set by RCBS. This guide provides essential safety instructions to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR). Please read this guide thoroughly before using the product.

## General Safety Guidelines

- **Product Safety:** This die set is designed for safe use in reloading bottleneck cases. Ensure you follow all instructions carefully to avoid hazards.
- **Enhanced Recalls:** Stay informed about product recalls. If any safety issues arise, you will be notified through standardized recall notices.
- **Online Shopping:** If purchased online, ensure that the seller meets safety requirements similar to those of physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the appropriate EU contact point.
- **Rapid Alerts:** Stay updated on any unsafe products through the EU's Safety Gate system.

## Specific Safety Precautions for Use

- **Read all instructions:** Before using the die set, read all instructions and safety information included in this guide.
- **Inspect the product:** Before each use, inspect the die set for any signs of damage or wear. Do not use damaged dies.
- **Use appropriate tools:** Ensure that you are using the correct reloading tools and equipment in conjunction with the die set.
- **Wear safety gear:** Always wear safety glasses and other protective gear while reloading to protect against potential hazards.
- **Work in a wellventilated area:** Ensure that your workspace is wellventilated to prevent inhalation of any dust or fumes generated during reloading.
- **Keep the workspace clean:** Maintain a clean and organized workspace to avoid accidents and ensure efficiency.

## Instructions for Installation and Usage

### 1. Setup:

- Secure the die set in a reloading press that is compatible with 348 Winchester cartridges.
- Follow the manufacturer's instructions for your specific reloading press to ensure proper installation.

### 2. Using the FullLength Sizer Die:

- Insert the brass case into the die.
- Operate the press to size the case, deprime, and expand the neck.
- Ensure that the die is vented properly to avoid case damage from trapped air.

### 3. Using the Seater Die:

- Insert the bullet into the case mouth.
- Adjust the die to achieve the desired bullet seating depth.
- Operate the press to seat the bullet and crimp it securely.

#### **4. Headspace Management:**

- Regularly check headspace to maintain minimum tolerances and avoid changes in case body length during resizing.

#### **5. Final Inspection:**

- After reloading, inspect each cartridge for proper dimensions and bullet seating.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of materials in household waste. Check with local authorities for proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the 348 Winchester Full Length Die Set, please refer to the contact points provided by the retailer or manufacturer.

Thank you for following these safety instructions. Your adherence to these guidelines will help ensure a safe and effective reloading experience.
