

7.62X39MM FULL LENGTH DIE SET - RCBS 7.62X39MM FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

This 7.62x39mm Two-Die Full Length Die Set is intended for reloading bottleneck cases, and consists of a Full-Length Sizer Die with an Expander-Decapping Unit, and a Seater Die with Bullet Seater Plug. The Full-Length Sizer Die brings the case to SAAMI minimum cartridge dimensions. It sizes the outside of the case, de-primes and expands the neck to accept the bullet. The die has vents to prevent case damage caused by trapped air and for excessive lubricant. Headspace is held to minimum tolerances to avoid changing the case body length during full length sizing. The included Seater Die has a built-in roll crimper to secure the bullet at the same time as it's seated.

Attributes

- Name: [RCBS 7.62X39MM FULL LENGTH DIE SET](#)
- Manufacturer: [RCBS](#)

Safety Instruction Guide for 7.62X39MM Full Length Die Set

Introduction

Thank you for choosing the 7.62X39MM Full Length Die Set by RCBS. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this guide carefully before using the die set.

General Safety Guidelines

- Ensure that you are familiar with the operation and handling of reloading equipment before use.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading ammunition.
- Keep the workspace clean and organized to prevent accidents.
- Store the die set in a safe location, out of reach of children and unauthorized users.
- Be aware of the legal requirements and regulations regarding ammunition reloading in your area.
- Regularly inspect the die set for any signs of wear or damage before use.

Specific Safety Precautions for Use

- *Hazard Identification:*
 - The die set is designed for reloading ammunition and should only be used for this purpose.
 - Improper use can lead to dangerous situations, including firearm malfunction or personal injury.
- *Avoiding Hazards:*
 - Do not exceed the recommended load specifications for the ammunition you are reloading.
 - Ensure that the die set is properly secured to the reloading press before use.
 - Always doublecheck the components and settings before starting the reloading process.
 - Never attempt to modify or alter the die set in any way.
- *AgeSpecific Warnings:*
 - This product is intended for use by adults only. Keep it away from children and inexperienced users.

Instructions for Installation and Usage

- *Installation:*
 1. Ensure your reloading press is clean and in good working condition.
 2. Securely attach the FullLength Sizer Die to the press according to the manufacturer's instructions.
 3. Insert the ExpanderDecapping Unit into the die.
 4. Attach the Seater Die to the press, and insert the Bullet Seater Plug.
- *Usage:*
 1. Begin by resizing the brass casing using the FullLength Sizer Die. Ensure that the case is properly positioned in the die.
 2. Deprime the case by pulling the handle of the reloading press.
 3. Expand the neck of the case to prepare it for bullet seating.

4. After resizing, proceed to the Seater Die to seat the bullet securely.
5. Use the builtin roll crimper to secure the bullet while seating.
6. After reloading, carefully inspect each round for proper assembly before use.

Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of the die set in regular household waste. Contact local waste management for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or support regarding the 7.62X39MM Full Length Die Set, please consult the manufacturer's website or customer service for assistance.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with the 7.62X39MM Full Length Die Set. Always prioritize safety and adhere to best practices while handling and using reloading equipment.
