

# 303 BRITISH NECK DIE SET - RCBS 303 BRITISH NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

This 303 British Two-Die Neck Die Set is for bottleneck cases to be fired in bolt-action rifles only—specifically, cases fired out of a specific rifle and neck-sized to go back into the same rifle. The set consists of a Neck Sizer Die with an Expander-Decapping Unit, and a Seater Die with Bullet Seater Plug. The Neck Sizer Die resizes the neck only (it doesn't touch the shoulder or body) and de-primes. The included Seater Die has a built-in roll crimper to secure the bullet at the same time it's seated.

# Safety Instruction Guide for the 303 British Neck Die Set

## Introduction

Thank you for choosing the 303 British Neck Die Set by RCBS. This product is designed for safe and effective use in reloading bottleneck cases for boltaction rifles. Please read this safety instruction guide carefully to ensure proper handling and usage of the die set.

## General Safety Guidelines

- Always handle reloading equipment with care to prevent accidents.
- Ensure you are familiar with the operation of your rifle and reloading equipment before use.
- Keep the workspace clean and organized to avoid misplacing components.
- Store the die set in a secure location, out of reach of children and pets.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear safety glasses to protect your eyes from debris.
- **Ventilation:** Ensure adequate ventilation in your workspace to avoid inhaling any dust or fumes.
- **Avoid Distractions:** Do not reload when you are tired, under the influence of drugs or alcohol, or distracted.
- **Age Restrictions:** This product is intended for use by adults only. Keep out of reach of children.
- **Inspect Equipment:** Regularly check the die set for any signs of wear or damage before use. Do not use if damaged.

## Instructions for Installation and Usage

### 1. Setup:

- Ensure your reloading press is securely mounted and stable.
- Gather all necessary tools and components before beginning the reloading process.

### 2. Installing the Neck Sizer Die:

- Insert the Neck Sizer Die into the reloading press.
- Adjust the die to the correct height according to your press specifications.
- Tighten the die securely to prevent movement during use.

### 3. Using the Neck Sizer Die:

- Place the empty case into the shell holder.
- Raise the ram to size the neck only, ensuring not to touch the shoulder or body of the case.
- Depreme the case as part of the sizing process.

### 4. Installing the Seater Die:

- Remove the Neck Sizer Die and replace it with the Seater Die in the reloading press.
- Adjust the die to the desired bullet seating depth.
- Securely tighten the die.

### 5. Using the Seater Die:

- Insert a prepped case into the shell holder.
- Place a bullet on top of the case mouth.
- Raise the ram to seat the bullet and crimp it securely in place.

#### **6. PostUse:**

- Clean the die set after each use to prevent buildup of debris.
- Store the die set in its original packaging or a secure container.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local waste disposal regulations.
- Do not throw the product in regular household waste. Check for local recycling programs that accept metal components.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the 303 British Neck Die Set, please contact the manufacturer's customer support. Ensure you have your product information available for reference.

By following these guidelines, you can ensure safe and effective use of your 303 British Neck Die Set. Thank you for your attention to safety. Enjoy your reloading experience!
