

30-30 WINCHESTER NECK DIE SET - RCBS 30-30 WINCHESTER NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

This 30-30 Winchester Two-Die Neck Die Set is for bottleneck cases to be fired in bolt-action rifles only—specifically, cases fired out of a specific rifle and neck-sized to go back into the same rifle. The set consists of a Neck Sizer Die with an Expander-Decapping Unit, and a Seater Die with Bullet Seater Plug. The Neck Sizer Die resizes the neck only (it doesn't touch the shoulder or body) and de-primers. The included Seater Die has a built-in roll crimper to secure the bullet at the same time it's seated.

Safety Instruction Guide for the 3030 Winchester Neck Die Set

Introduction

Thank you for purchasing the 3030 Winchester Neck Die Set by RCBS. This guide provides important safety instructions and usage guidelines to ensure safe and effective operation of the product. Please read this guide carefully before use.

General Safety Guidelines

- Always handle reloading equipment with care and follow all safety precautions.
- Ensure that the work area is clean, welllit, and free from distractions.
- Keep the product out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves when working with reloading materials.
- Regularly inspect the die set for any signs of wear or damage before use.
- Store the die set in a secure location to prevent unauthorized access.

Specific Safety Precautions for Use

- Only use the 3030 Winchester Neck Die Set with bottleneck cases designed for boltaction rifles.
- Ensure that you are familiar with the specific rifle for which the cases are intended.
- Do not attempt to resize cases with any modifications or alterations to the die set.
- Avoid overtightening the dies in the press, as this may cause damage or malfunction.
- Always follow the manufacturer's instructions for reloading, including recommended powder types and amounts.
- Be aware of the potential hazards associated with handling ammunition components, including primers and powders.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted to a stable work surface.
- Insert the Neck Sizer Die into the press and tighten it securely.
- Attach the ExpanderDecapping Unit to the Neck Sizer Die if not already included.
- Insert the Seater Die into the press and secure it in place.

2. Usage:

- Prepare your cases by cleaning and inspecting them for damage.
- Adjust the Neck Sizer Die according to your specific rifle's requirements.
- Insert a case into the die and operate the press to resize the neck of the case.
- Remove the case and check for proper sizing.
- Use the Seater Die to insert a bullet into the resized case. Ensure the builtin roll crimper is properly engaged.
- Repeat the process for all cases as needed.

Disposal Instructions

- Dispose of any unused or damaged reloading components in accordance with local regulations.
- Follow proper disposal methods for hazardous materials, including primers and powders.

- Do not dispose of reloading components in household waste.

Contact Information for Further Support

For any safety inquiries, product assistance, or to report unsafe products, please contact the appropriate EU-based consumer safety authority.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your 3030 Winchester Neck Die Set. Always prioritize safety and stay informed about best practices in reloading. Thank you for choosing RCBS.
