

# 308 WINCHESTER SMALL BASE DIE SET - RCBS 308 WINCHESTER SMALL BASE DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Small Base Sizer with an Expander-Decapping Unit and Regular Seater Die with Seater Plug. The sizer resizes cases below SAAMI minimums, reducing the shoulder and body by a few thousandths. It also de-primes the case. The included Seater Die has a built-in roll crimper to secure the bullet at the same time it's seated. To seat bullets without crimping, simply unscrew the die until the crimp ring no longer engages the case mouth.

## Attributes

- Name: [RCBS 308 WINCHESTER SMALL BASE DIE SET](#)
- Manufacturer: [RCBS](#)
- Product no.: 100060897
- Mfr. No.: 15503

# 308 Winchester Small Base Die Set Safety Instruction Guide

## Introduction

Thank you for choosing the 308 Winchester Small Base Die Set by RCBS. This guide provides essential safety instructions to ensure the safe use of this product. Please read this manual carefully before using the die set to avoid accidents and ensure proper functioning.

## General Safety Guidelines

- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading ammunition.
- Keep the work area clean and organized to prevent accidents.
- Store the die set in a secure location, out of reach of children and unauthorized users.
- Ensure that all tools and equipment are in good working condition before use.
- Follow all manufacturer instructions for use and maintenance of the die set.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the die set is compatible with 308 Winchester cartridges before use.
- Inspect the die set for any signs of damage or wear before each use.
- Do not exceed the recommended load specifications for the 308 Winchester cartridge.
- Avoid distractions while reloading, and do not allow others to interrupt you during the process.
- Always keep your fingers away from the die openings when operating the press.
- Be aware of the potential hazards associated with handling ammunition components, including primers and powders.

## Instructions for Installation and Usage

### 1. Installation of the Small Base Sizer Die

- Secure the sizer die into the reloading press according to the manufacturer's instructions.
- Adjust the die until it makes contact with the shell holder.
- Lock the die in place once the adjustment is complete.

### 2. Using the ExpanderDecapping Unit

- Insert a clean, empty cartridge case into the shell holder.
- Operate the press to resize the case and deprime it simultaneously.
- Inspect the resized case for any defects before proceeding.

### 3. Using the Seater Die

- Install the seater die into the press, ensuring it is properly secured.
- Adjust the die to achieve the desired bullet seating depth.
- For crimping, ensure the crimp ring engages the case mouth. To seat without crimping, unscrew the die until the crimp ring is disengaged.

### 4. Final Inspection

- After seating, visually inspect each round to ensure proper bullet seating and crimping.

- Store completed ammunition in a safe and secure manner.

## **Disposal Instructions**

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of hazardous materials, such as spent primers or powders, in regular waste. Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the 308 Winchester Small Base Die Set, please refer to the manufacturer's contact information provided on the packaging or product website.

By following these safety instructions, you can enjoy a safe and efficient reloading experience with your 308 Winchester Small Base Die Set. Thank you for prioritizing safety in your reloading practices.
