

30-06 SPRINGFIELD SMALL BASE SIZER DIE - RCBS 30-06 SPRINGFIELD SMALL BASE SIZER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The 30-06 Springfield Small Base Sizer Die is for bottleneck type cases used in tight-chambering semi-automatic, pump or lever-action firearms. The sizer resizes cases below SAAMI minimums, reducing the shoulder and body by a few thousandths. It also de-primers the case. Note: Not recommended for ammunition used in bolt-action rifles.

Safety Instruction Guide for 3006 Springfield Small Base Sizer Die

Introduction

Thank you for choosing the 3006 Springfield Small Base Sizer Die by RCBS. This die is designed for resizing bottleneck type cases used in tightchambering semiautomatic, pump, or leveraction firearms. It is important to follow safety guidelines to ensure safe handling and usage of this product.

General Safety Guidelines

- Always read and understand the product instructions before use.
- Keep the die and all related tools out of reach of children and unauthorized users.
- Inspect the die for any damage or wear before each use. Do not use if damaged.
- Use the die only for its intended purpose as described in the product specifications.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, when using this product.
- Ensure your workspace is clean and organized to prevent accidents.
- Do not use the die in environments that are wet or where flammable materials are present.

Specific Safety Precautions for Use

- The 3006 Springfield Small Base Sizer Die is not recommended for ammunition used in boltaction rifles. Using it for this purpose may lead to safety hazards.
- Always ensure that your firearm is unloaded and pointed in a safe direction before handling any ammunition components.
- Be cautious of the resizing process; excessive force can damage the die or result in injury.
- Avoid wearing loose clothing or jewelry that could get caught in machinery during operation.
- Follow proper reloading practices and guidelines to ensure safe ammunition development.

Instructions for Installation and Usage

1. Installation:

- Securely mount the die in a reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to prevent movement during use.

2. Usage:

- Prepare your cases by ensuring they are clean and free from debris.
- Place the case in the shell holder of the reloading press.
- Raise the ram to bring the case into contact with the die.
- Apply steady pressure to resize the case. Avoid excessive force.
- After resizing, remove the case from the shell holder and inspect it for proper dimensions.
- Depriime the case as part of the resizing process.

Disposal Instructions

- Dispose of any damaged or wornout dies in accordance with local regulations.
- Recycle metal components where possible.
- Do not dispose of any components in regular household waste.

Contact Information for Further Support

For any safety inquiries or concerns regarding the 3006 Springfield Small Base Sizer Die, please refer to the product packaging for contact information of the manufacturer or authorized distributor.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the 3006 Springfield Small Base Sizer Die. Always prioritize safety and adhere to best practices while handling reloading equipment. For further information, consult the manufacturer's guidelines or seek assistance from knowledgeable professionals in the field.
