# RCBS 8MM06 Seater Die Safety Instruction Guide

## Introduction

Thank you for choosing the RCBS 8MM06 Seater Die. This product is designed to help you safely and effectively seat bullets for your reloading needs. It is important to follow these safety instructions to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the user manual before using the die.
- Ensure that you are using the die in a wellventilated area to avoid inhalation of any dust or particles.
- Keep the die and all reloading components out of reach of children and vulnerable individuals.
- Inspect the die for any damage or wear before each use. Do not use if damaged.
- Use the die only for its intended purpose as described in this manual.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the die.
- Do not exceed the recommended load specifications for the bullets you are seating.
- Ensure that the press you are using to operate the die is securely mounted and stable.
- Do not attempt to modify the die or use it in any way other than as intended.
- Be aware of the potential hazards associated with handling ammunition components, including lead exposure.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is clean and free of debris.
- Securely mount the RCBS 8MM06 Seater Die into your reloading press according to the manufacturer's instructions.
- Adjust the die to the desired seating depth using the builtin adjustment mechanism.

### 2. Usage:

- Prepare your brass cases and ensure they are clean and properly resized.
- Insert a bullet into the case mouth.
- Operate the reloading press to seat the bullet. The builtin roll crimper will secure the bullet in place.
- Inspect each completed round to ensure proper seating and crimping.
- Store completed ammunition in a safe and designated area.

## Disposal Instructions

- Dispose of any unused components and packaging materials in accordance with local regulations.
- Do not dispose of ammunition or reloading components in regular household waste.
- Contact your local waste management authority for guidance on safe disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the RCBS 8MM06 Seater Die, please reach out to your local distributor or the manufacturer. Ensure you have the product details available for reference.

## **Conclusion**

By following these safety instructions, you can help ensure a safe and effective reloading experience with the RCBS 8MM06 Seater Die. Always prioritize safety and compliance with local regulations when handling ammunition and reloading components. Thank you for your attention to these important guidelines.
