# Safety Instruction Guide for RCBS Taper Crimp Seater Die

## Introduction

Thank you for choosing the RCBS Taper Crimp Seater Die for your reloading needs. This product is designed to help you seat bullets accurately while providing a secure taper crimp. It is important to follow safety guidelines to ensure proper usage and to minimize any risks associated with the handling of reloading equipment.

## General Safety Guidelines

- Always read and understand the product instructions before use.
- Keep the die and all reloading components out of the reach of children and unauthorized users.
- Use the die only for its intended purpose: seating bullets for 357 Magnum and 38 Special cartridges.
- Inspect the die regularly for any signs of damage or wear.
- Ensure your workspace is clean and organized to prevent accidents.
- Store the die in a dry, cool place when not in use.

## Specific Safety Precautions for Use

- Wear appropriate eye protection while reloading to prevent injury from debris.
- Use hearing protection if you are working in a noisy environment.
- Avoid loose clothing and jewelry that could get caught in the equipment.
- Do not exceed recommended load specifications for the cartridges being used.
- Ensure that the die is securely fastened to your reloading press before use.
- Do not force the die; if you encounter resistance, stop and check for obstructions.
- Keep your hands and tools clear of the die while it is in operation.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is clean and free of any debris.
- Insert the RCBS Taper Crimp Seater Die into the press, tightening it securely according to the manufacturer's instructions.
- Adjust the die height according to the specifications for the 357 Magnum or 38 Special cartridges.

### 2. Usage:

- Prepare your brass cases according to standard reloading procedures.
- Insert a bullet into the case mouth.
- Place the case in the die and lower the press handle to seat the bullet.
- As the bullet is seated, the builtin taper crimper will secure it in place.
- After seating, remove the completed cartridge and inspect it for proper seating and crimp.
- Repeat the process for each cartridge, ensuring consistent results.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not throw the die or any reloading components into regular household waste.
- Check with local waste management authorities for proper disposal methods for reloading materials.

## **Contact Information for Further Support**

For safety inquiries or further support, please refer to the manufacturer's website or customer service resources.

By following these safety instructions, you can ensure a safe and effective reloading experience with the RCBS Taper Crimp Seater Die. Always prioritize safety and stay informed about best practices in reloading.
