

SYNTEHTIC CLP QUICK WIPES - BREAKTHROUGH CLEAN CLP QUICK WIPES 50/PACK

[Gun Cleaning & Chemicals](#) > [Oils & Lubricants](#) > [Lubricant & Protectant Oils](#)

An Easy Wipe for Your Range Bag

Even though it's probably the time you're least likely to clean your guns, the best time to get all of that grime and carbon fouling off your firearms is immediately after you shoot them. Having these Synthetic CLP Quick Wipes on hand from Breakthrough Clean Technologies means you can give your guns a quick wipe-down to start the cleaning process, ensuring you're spending less time on the back end scrubbing down baked-on carbon fouling. These multi-purpose CLP Quick Wipes are infused with Breakthrough Clean's high-grade solvent and synthetic gun oil, which are both designed to break down and eliminate carbon build-up while simultaneously protecting the metal surfaces and eliminating friction. This odorless, non-toxic cleaning-and-lubricating solution are ideal for quick clean-up in the field, and it'll eliminate those greasy fingerprints that start the corrosion process. Best of all, the solvent and oil is contained in a tough, tear-resistant sheet that won't come apart during use. The solution is safe for use on metal, polymer and finished wood stocks, and it can be applied in temperatures ranging from -51 to 281 degrees Fahrenheit.

SYNTEHTIC CLP QUICK WIPES SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing SYNTEHTIC CLP QUICK WIPES by Breakthrough Clean Technologies. These wipes are designed to provide an efficient cleaning and lubrication solution for your firearms. It is important to follow safety instructions to ensure safe and effective use of the product.

General Safety Guidelines

- Always read the label and product information before use.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose.
- Ensure adequate ventilation when using the product, especially in enclosed spaces.
- Avoid contact with eyes and prolonged skin exposure.
- Do not ingest the product. If ingested, seek medical attention immediately.
- Store the product in a cool, dry place away from direct sunlight and heat sources.

Specific Safety Precautions for Use

- Use gloves when handling the wipes to avoid skin irritation.
- Do not use the wipes on hot surfaces or firearms that have just been fired.
- Ensure that the firearm is unloaded and pointed in a safe direction before cleaning.
- Avoid using the wipes on unfinished wood surfaces or materials that may be damaged by solvents.
- Dispose of used wipes in accordance with local regulations to prevent environmental contamination.
- If you experience any adverse reactions, discontinue use and seek medical advice.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and in a safe position.
- Gather all necessary materials, including the SYNTEHTIC CLP QUICK WIPES.

2. Using the Wipes:

- Open the package and remove a wipe.
- Wipe down the metal surfaces of the firearm to remove carbon fouling and grime.
- Use additional wipes as necessary for heavily soiled areas.
- Allow the surfaces to dry before reassembling or using the firearm.

3. PostUse:

- Dispose of the used wipes responsibly.
- Wash your hands thoroughly after handling the wipes.
- Store the remaining wipes in their original packaging to maintain moisture.

Disposal Instructions

- Dispose of used SYNTEHTIC CLP QUICK WIPES in accordance with local waste disposal regulations.
- Do not flush the wipes down the toilet.
- Ensure that the wipes are kept away from children and pets until they are disposed of properly.

Contact Information for Further Support

For any questions or concerns regarding the use of SYNTEHTIC CLP QUICK WIPES, please refer to the product packaging for contact information of the manufacturer. Always keep the product information handy for reference.

By following these safety instructions, you can ensure a safe and effective cleaning experience with SYNTEHTIC CLP QUICK WIPES. Thank you for your attention to safety and for choosing our product.
