

# CARBON FIBER CLEANING ROD W/ ERGONOMIC HANDLE - BREAKTHROUGH CLEAN 36" CARBON FIBER CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

## A Safe Cleaning Rod for Your Valuable Firearms

Metal cleaning rods are a surefire way to damage your gun's bore, and unless you can be absolutely sure that you aren't scraping the insides of your barrel, you're better off going with a cleaning rod that's designed to prevent any damage to your gun, like this Carbon Fiber Cleaning Rod from Breakthrough Clean Technologies. Without a doubt, this Breakthrough Clean Carbon Fiber Cleaning Rod is the safest way to clean your gun's bore, and it's easy, too, thanks to the company's trademarked Smooth Operator rod handle, which is loaded with two sets of ball bearings. That means the handle can twist effortlessly while the tightly-fitting brush and rod follow the grooves inside your firearms' bore. And even if you hit one side or the other inside your gun's barrel, you can rest easy knowing that the carbon-fiber construction won't harm anything. In addition, this Breakthrough Clean Carbon Fiber Cleaning Rod is lightweight and incredibly durable, so it won't break apart during its long life of service in your shop or at your workbench.

# CARBON FIBER CLEANING ROD SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Breakthrough Clean Carbon Fiber Cleaning Rod. This guide provides important safety instructions to ensure the safe use of your cleaning rod. Please read this document carefully before using the product.

## General Safety Guidelines

- Always ensure that the cleaning rod is free from dirt and debris before use.
- Inspect the cleaning rod for any signs of damage before each use.
- Store the cleaning rod in a dry place away from direct sunlight.
- Keep the cleaning rod out of reach of children and pets.
- Use the cleaning rod only for its intended purpose: cleaning the bore of firearms.
- If you experience any discomfort while using the cleaning rod, stop using it immediately.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before using the cleaning rod.
- Do not force the cleaning rod into the bore; let it glide smoothly.
- Avoid using excessive force when cleaning to prevent damage to the firearm or the cleaning rod.
- If you notice any unusual resistance while using the cleaning rod, stop and inspect both the rod and the firearm.
- Do not use the cleaning rod with any solvents or chemicals that are not recommended by the firearm manufacturer.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the cleaning rod, brushes, and patches.

### 2. Using the Cleaning Rod

- Attach the appropriate brush or patch to the end of the cleaning rod.
- Insert the cleaning rod gently into the bore of the firearm.
- Twist the handle to allow smooth movement while cleaning.
- Pull the cleaning rod out slowly and carefully after cleaning.
- Repeat the process as necessary until the bore is clean.

### 3. Post-Cleaning Care

- Clean the cleaning rod with a soft cloth to remove any residue.
- Store the cleaning rod in its designated place to prevent damage.

## Disposal Instructions

- Dispose of the cleaning rod in accordance with local regulations.
- Do not dispose of the cleaning rod in regular household waste if it is damaged.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Carbon Fiber Cleaning Rod, please refer to the manufacturer's contact information provided with the product packaging.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Breakthrough Clean Carbon Fiber Cleaning Rod. Thank you for prioritizing safety while maintaining your firearms.
