

# TIKKA TRIGGER SPRING - MOUNTAIN TACTICAL TIKKA TRIGGER SPRING

[Rifle Parts](#) > [Triggers Parts](#) > [Trigger Hardware](#) > [Trigger Springs](#)

While reverse engineering the Tikka trigger assembly in hopes to manufacture an aftermarket trigger that exceeded the factory trigger's crisp, clean break, we realized that the only modification that was necessary could be done by replacing the trigger spring. This upgrade will provide a consistent 12 ounce to 24-ounce trigger pull while maintaining the factory trigger's safety. Mountain Tactical Company trigger springs are zinc plated for corrosion protection to provide a lifetime of service. Installation is straight forward. Please note that whenever a modification to a trigger is done, a drop test must be performed to ensure the rifle system will not fire when bumped. Refer to the installation video for instructions on performing this test. Specifications: Spring Material - Zinc Plated Steel

## Attributes

- Name: [MOUNTAIN TACTICAL TIKKA TRIGGER SPRING](#)
- Manufacturer: [MOUNTAIN TACTICAL](#)
- Product no.: 100061491
- Mfr. No.: TKATS
- Model: 595,85,T3,75,M695,T3x,A7,T1X
- Weapon type: Tikka
- Delivery weight: 0.007kg
- Shipping height: 165mm
- Shipping width: 76mm
- Shipping length: 165mm
- UPC: 811291030566

# Tikka Trigger Spring Safety Instruction Guide

## Introduction

Thank you for choosing the Tikka Trigger Spring from Mountain Tactical Company. This guide provides essential safety instructions and installation procedures to ensure the safe and effective use of your new trigger spring. Please read this guide carefully before installation and usage.

## General Safety Guidelines

- Always ensure that your firearm is unloaded before performing any modifications.
- Familiarize yourself with your firearm's manual and safety features.
- Perform a drop test after installation to verify that the rifle system will not fire when bumped.
- Keep trigger springs and all firearm components out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the Tikka trigger spring is compatible with your specific Tikka model (75, 85, T3, A7, 595, M695, T3x, T1X).
- Use only the recommended tools for installation to avoid damaging the trigger assembly.
- Do not attempt to modify the trigger spring beyond the intended design.
- If you experience any issues during installation or usage, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Gather Required Tools:

- Screwdriver set
- Pliers
- Safety glasses

### 2. Remove the Trigger Assembly:

- Unload your firearm and ensure it is safe.
- Follow your firearm's manual to remove the trigger assembly from the rifle.

### 3. Replace the Trigger Spring:

- Carefully remove the factory trigger spring from the trigger assembly.
- Install the new Tikka trigger spring by following the reverse process, ensuring it is securely in place.

### 4. Reassemble the Trigger Assembly:

- Reattach the trigger assembly to the rifle according to the manufacturer's instructions.

### 5. Perform a Drop Test:

- Before using the firearm, perform a drop test to ensure that the rifle does not fire when bumped. Follow the instructions provided in the installation video for this test.

### 6. Final Checks:

- Ensure that everything is properly assembled and that the trigger functions as intended.
- Always follow safe handling practices when using your firearm.

## **Disposal Instructions**

- Dispose of any old trigger springs and components in accordance with local regulations.
- Do not throw away components in regular household waste. Check for local recycling or hazardous waste disposal options.

## **Contact Information for Further Support**

For further assistance or inquiries regarding safety and installation, please refer to the Mountain Tactical Company website or consult your local firearms expert.

Thank you for your attention to these safety instructions. Enjoy your enhanced shooting experience with the Tikka Trigger Spring!
