Stay Engaged by Giving Yourself Options

The Ultradyme C2 Folding Front and Rear Offset Sight Combos give you so many options, not just for the sight system you choose, but how you can outfit the balance of your rig. A quality offset sight system can serve as a reliable backup to your primary optic should it fail, or a flexible addition to your shooting platform as a short or intermediate-range aiming system while your primary optic can be dedicated to longer range targets. C2 Folding Front and Rear Offset Sight Combos from Ultradyme feature the option of choosing between a 12MOA front aperture sight, or blade style. The rear sight can be used as a ghost ring, or the optional .70 aperture that can be stored on the windage knob when not in use. No matter what configuration you choose they are built with both stainless steel and aluminum alloy to be strong, but lightweight, durable, but functional. 45-degree offset Improved accuracy through reduced parallax Stainless steel and aluminum alloy construction give balance of lightweight durability The Ultradyme C2 Folding Front and Rear Offset Sight Combos are designed to promote improved shooting form and accuracy, taking advantage of the way the brain processes the information delivered by the sights. When you need a sight you can trust, to pair perfectly with your primary optic, this is it.

Safety Instruction Guide for C2 Folding Offset Front and Rear Sight Combos

Introduction

Thank you for choosing the Ultradyn C2 Folding Front and Rear Offset Sight Combos. This guide provides essential safety information, precautions, and instructions to ensure safe and effective use of your sight system. Please read this guide carefully before using the product.

General Safety Guidelines

- **Product Safety:** Ensure that you use the C2 Folding Offset Front and Rear Sight Combos in accordance with the guidelines provided in this manual. This product is designed for nonfood use and complies with EU safety regulations.
- **Enhanced Recalls:** Stay informed about product recalls. If any safety issues arise, you will be notified through standardized recall notices.
- **Online Shopping:** If you purchased this product online, be assured that it meets the same safety standards as products sold in physical stores.
- **Special Consumer Focus:** Extra care should be taken when using this product around vulnerable groups, such as children. Ensure that they do not have access to the sight system when not in use.
- **EU Contact Point:** For safety inquiries, please refer to the provided EU contact resources.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on any unsafe products.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Improper installation may lead to misalignment, affecting accuracy.
 - Use of the sight system in adverse weather conditions may impair visibility.
 - Ensure that the sight is securely attached to avoid detachment during use.
- **Avoiding Hazards:**
 - Always check the alignment of the sight before use.
 - Avoid using the sight in extreme weather conditions that may obstruct visibility.
 - Regularly inspect the sight for any signs of damage or wear.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure that your firearm is unloaded and safe before installation.
 2. Select the desired mounting position for the sight on your firearm.
 3. Use the appropriate tools to securely attach the sight to the mounting rail.
 4. Check that the sight is firmly in place and does not wobble or shift.
- **Usage:**
 - Adjust the front aperture sight to your preference (12MOA front aperture or blade style).
 - Use the rear sight as a ghost ring or switch to the optional .70 aperture stored on the windage knob.
 - Practice aiming with the sight system to familiarize yourself with its functionality.
 - Always maintain a proper shooting stance to enhance accuracy.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the sight system in household waste.
- If the product is damaged or no longer in use, contact local waste management services for proper disposal.

disposal methods.
