[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

## Keep your 9mm PCC On Target

The Ultradyne PCC Lithium Compensator, 9mm 1/2x28 threads is the solution for keeping your 9mm PCC on target as much as possible, reducing muzzle rise, and improving the speed of follow-up shots. From the first shot, you'll notice yourself being a better shooter. The PCC Lithium Compensator from Ultradyne uses strategically located vents to expel the gases without obscuring the shooters vision or directing them at the shooter, but rather using them to prevent muzzle rise, meaning the barrel moves less, and you return to your target quicker. 1/2"x28 threads Outside diameter - 1.125" Timing nut included The Ultradyne PCC Lithium Compensator is constructed of 416 stainless steel and has a black nitride finish. The included timing nut makes for easy installation.

# PCC Lithium Compensator Safety Instructions

## Introduction

Thank you for choosing the PCC Lithium Compensator by Ultradyn USA. This guide provides essential safety instructions and information to ensure the safe use and installation of your compensator. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that you are legally allowed to own and use this product in your jurisdiction.
- Always follow local laws and regulations regarding firearms and accessories.
- Inspect the compensator for any visible damage before installation.
- Use the compensator only on compatible firearms as specified by the manufacturer.
- Keep the product out of reach of children and unauthorized users.

## Specific Safety Precautions for Use

- Avoid pointing the firearm at anything you do not intend to shoot.
- Always treat the firearm as if it is loaded, even when you believe it is not.
- Wear appropriate eye and ear protection when using firearms equipped with the compensator.
- Ensure a clear shooting area and be aware of your surroundings before firing.
- Do not modify the compensator or use it in a manner not intended by the manufacturer.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the firearm is unloaded and the chamber is clear.
- Remove any existing muzzle device from the firearm.
- Clean the muzzle threads of the firearm to ensure proper installation.
- Align the PCC Lithium Compensator with the muzzle threads (1/2x28).
- Handtighten the compensator onto the firearm.
- Use the included timing nut to secure the compensator in place. Ensure it is tightened appropriately, but do not overtighten.

### 2. Usage

- Once installed, verify that the compensator is securely attached before firing.
- Follow all safety guidelines for handling and operating your firearm.
- Regularly check the compensator for wear and tear, especially after extensive use.
- If you notice any unusual sounds or performance issues while firing, cease use immediately and inspect the compensator.

## Disposal Instructions

- Dispose of the PCC Lithium Compensator in accordance with local regulations regarding metal waste and firearm accessories.
- Do not dispose of the compensator in regular household waste.
- Contact your local waste management facility for guidance on proper disposal methods.

## **Contact Information for Further Support**

For safety inquiries or additional support, please refer to the manufacturer's website or contact the relevant EU authorities for consumer safety.

Thank you for prioritizing safety while using the PCC Lithium Compensator. Your adherence to these guidelines helps ensure a safe and enjoyable shooting experience.
