## A Back-Up Sight That's the Best You Can Buy

Magpul set the standard with its MBUS back-up sights, and the company is taking it to an entirely different level with its MBUS 3 design, which is loaded with cutting-edge features in a durable, rugged package. The Magpul MBUS 3 Front Sight has been downsized, measuring only .44 inches high and 1.15 inches wide. Even though the sight looks like the MBUS Pro, this front sight has been crafted from Magpul's impact-resistant polymer, which saves weight while making it incredibly strong. A spring-loaded push button deploys the Magpul MBUS 3 folding front sight when needed, bringing it up to standard AR-15 sight height. You won't need any tools to adjust the elevation on this sight, and there's even a dual-width front sight included that's similar to the one found on the MBUS Pro. These sights can be had in black, flat dark earth, stealth gray or OD green, and they're all made in the USA.

# Safety Instruction Guide for AR15 MBUS®3 Front Sight

## Introduction

Thank you for choosing the AR15 MBUS®3 Front Sight by Magpul. This guide provides essential safety instructions to ensure the proper and safe use of this product. Please read the following information carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is suitable for your firearm model before installation.
- Always handle firearms and accessories with care and in accordance with established safety practices.
- Keep the product out of reach of children and unauthorized users.
- Inspect the sight before each use to ensure it is in good working condition.
- Report any unsafe products or incidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not attempt to modify or disassemble the sight, as this may compromise its safety and functionality.
- Ensure that the sight is securely attached to your firearm before use.
- Avoid using the sight in extreme environmental conditions that may affect its performance (e.g., extreme heat or cold).
- Always ensure that your firearm is unloaded when installing or adjusting the sight.
- Use appropriate eye protection when handling or firing your firearm.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that your firearm is unloaded.
- Locate the mounting point on your AR15 where the front sight will be attached.
- Align the MBUS 3 Front Sight with the mounting point and press down until it clicks into place.
- Ensure that the sight is securely attached by giving it a gentle tug.

### 2. Adjusting the Sight

- To adjust the elevation, locate the adjustment knob on the sight.
- Turn the knob clockwise to raise the point of impact and counterclockwise to lower it.
- No tools are required for this adjustment.

### 3. Folding and Deploying the Sight

- To deploy the sight, press the springloaded push button located on the side of the sight.
- The sight will automatically fold up to the standard AR15 sight height when deployed.
- To fold the sight back down, simply press the button again and push the sight down until it clicks into place.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste and plastics.
- Do not dispose of the sight in regular household waste.

- If the sight is damaged or no longer in use, consider recycling options available in your area.
