## A Strong, Lightweight Drum Magazine for Your MP5-Style Guns

One of the most popular and iconic pistol-caliber platforms of the 20th century is the MP5, and this popularity has translated to numerous clones being available on the aftermarket. However, unlike other pistol-caliber platforms, there's never been a drum magazine that served the H&K design. Until now. Magpul made it possible to keep on shooting with your MP5 clone, thanks to the development of its innovative PMAG D-50 MP design. The Magpul PMAG D-50 MP design incorporates many of the features found in Magpul's other drum magazines, including the ratcheting loading lever, a rear window and a round-count indicator that tells you where you are in your 50-round capacity. The drums are made from Magpul's impact-resistant polymer, and the design features some unique elements that keep the overall height from being too cumbersome, so you can still shoot prone. Each Magpul PMAG D-50 MP drum magazine also includes a paint-pen dot matrix and comes apart easily for cleaning and maintenance. The design will work with all HK94 and MP5-pattern pistols and carbines.

## Attributes

- Name: [MAGPUL PMAG D-50 MP 9MM LUGER 50RD FOR HK94/MP5 BLACK](#)

# Safety Instruction Guide for HK94/MP5® D50 MP PMAG

## Introduction

Thank you for choosing the HK94/MP5® D50 MP PMAG by Magpul. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your drum magazine. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used only with HK94 and MP5 pattern pistols and carbines.
- Always handle the magazine with care, as improper handling can lead to accidents.
- Keep the magazine out of reach of children and unauthorized users.
- Regularly inspect the magazine for any signs of damage or wear before use.
- Follow all local laws and regulations regarding the use and possession of firearm accessories.

## Specific Safety Precautions for Use

- Always ensure that the firearm is pointed in a safe direction when loading or unloading the magazine.
- Do not exceed the recommended capacity of 50 rounds to avoid malfunctions.
- Avoid using damaged or defective magazines, as they may pose safety risks.
- When loading the magazine, use the ratcheting loading lever to prevent finger injuries.
- Always wear appropriate eye and ear protection when using firearms.
- If you experience a malfunction, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Loading the Magazine:

- Use the ratcheting loading lever to load rounds into the magazine.
- Ensure that each round is seated properly and is not jammed.
- Utilize the rear window and roundcount indicator to monitor the number of rounds loaded.

### 2. Attaching the Magazine:

- Align the magazine with the magazine well of your firearm.
- Firmly push the magazine into place until you hear a click, indicating it is securely attached.

### 3. Firing:

- Ensure that the firearm is in a safe condition before firing.
- Follow the manufacturer's instructions for operating your specific firearm model.
- Maintain a proper shooting stance and grip while firing.

### 4. Unloading the Magazine:

- Point the firearm in a safe direction.
- Remove the magazine by pressing the magazine release button.
- Carefully unload any remaining rounds from the magazine.

## **Disposal Instructions**

- Dispose of the magazine in accordance with local regulations regarding firearm accessories.
- Do not dispose of the magazine in regular household waste.
- If the magazine is damaged or no longer functional, consider contacting a recycling facility that handles polymer materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of the HK94/MP5® D50 MP PMAG, please refer to the manufacturer's website or customer support resources.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your HK94/MP5® D50 MP PMAG. Always prioritize safety and adhere to local laws when using this product. Thank you for choosing Magpul.
