## A Concealable Magazine Designed for the 300 Blackout Round

Magpul took inspiration from its PMAG 30 AR 300 B design, which was built specifically to give you a clearly labeled magazine designed to function perfectly with 300 Blackout rounds. The new PMAG 20 AR 300 B design incorporates all of Magpul's GEN 3 upgrades, and it gives you a more compact magazine that works well with your small rifle-caliber platforms. In addition to its smaller size, the Magpul PMAG 20 AR 300 B design gives you a safer way to shoot. Since the 300 Blackout functions in 5.56 NATO magazines and vice-versa, the risk of chambering a 300 Blackout round in your 5.56 NATO rifle is higher, and that can lead to a catastrophic malfunction. This PMAG has been designed with a distinct look and feel that allows you to tell the difference both by sight and feel to avoid sticking the wrong magazine into your gun. Each Magpul PMAG 20 AR 300 B design is made from Magpul's durable, rugged polymer and features an easy-to-remove baseplate for cleaning. You'll also get a dot matrix for organization, as well as a dust cover that also protects your feed lips from impacts. Like all of Magpul's products, this magazine is made right here in the USA.

## Attributes

- Name: [MAGPUL PMAG 20 AR300 B GEN M3 .300 AAC BLACKOUT 20RD FOR AR15 BLACK](#)

# Safety Instruction Guide for Magpul PMAG 20 AR 300 B GEN M3

## Introduction

Thank you for choosing the Magpul PMAG 20 AR 300 B GEN M3. This magazine is designed for use with .300 AAC Blackout rounds and is compatible with AR15 platforms. To ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR), please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure that the magazine is used only with compatible firearms.
- Always follow the manufacturer's instructions for use and maintenance.
- Store the magazine in a safe and secure location, out of reach of children and unauthorized users.
- Regularly inspect the magazine for any signs of damage or wear.
- If you notice any defects or malfunctions, do not use the magazine and contact the manufacturer for guidance.

## Specific Safety Precautions for Use

- **Avoid Misloading:** The PMAG 20 AR 300 B is designed for .300 AAC Blackout rounds. Do not attempt to load this magazine with 5.56 NATO rounds to prevent malfunctions.
- **Check Compatibility:** Verify that your firearm is compatible with .300 AAC Blackout ammunition before use.
- **Use Protective Gear:** When shooting, always wear appropriate eye and ear protection.
- **Handle with Care:** Treat the magazine as if it were loaded at all times. Always follow safe handling practices.
- **Keep Away from Heat:** Store the magazine away from extreme heat or direct sunlight to avoid damaging the polymer material.

## Instructions for Installation and Usage

### • Loading the Magazine:

1. Ensure the magazine is clean and free of obstructions.
2. Hold the magazine with the feed lips facing upwards.
3. Insert the .300 AAC Blackout rounds into the magazine, ensuring they are properly seated.
4. Close the magazine by replacing the baseplate if it was removed for loading.

### • Installing the Magazine into the Firearm:

1. Ensure the firearm is in a safe condition (e.g., unloaded).
2. Align the magazine with the magazine well of the firearm.
3. Push the magazine firmly into the well until it clicks into place.
4. Doublecheck that the magazine is securely attached before use.

### • Removing the Magazine:

1. Ensure the firearm is pointed in a safe direction.
2. Press the magazine release button on the firearm.
3. Pull the magazine downward to remove it from the magazine well.

### • Cleaning and Maintenance:

1. Remove the baseplate for cleaning.
2. Clean the interior and exterior of the magazine with a soft cloth.
3. Avoid using harsh chemicals that may damage the polymer.
4. Reassemble the magazine after cleaning and ensure it is dry before use.

## **Disposal Instructions**

- Dispose of the magazine in accordance with local regulations.
- Do not dispose of the magazine in regular household waste if it is damaged or no longer functional.
- Check with local authorities for proper disposal methods for polymer materials.

## **Contact Information for Further Support**

For safety inquiries or further support regarding the Magpul PMAG 20 AR 300 B, please refer to the manufacturer's official website or customer service channels.
