

# AR SERIES SMALL BASE TAPER CRIMP DIE SETS - RCBS 308 WINCHESTER FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

A must for the progressive reloader. The RCBS AR Series Die Set features a Small Base sizing die and a Taper Crimp seating die. This combination makes reloading easier for AR-style or semi-auto shooters. The Small Base sizer guarantees that the cartridge will rechamber. The Taper Crimp Seater is more forgiving when various case lengths are loaded at the same time. Case neck crimp bulges and buckled shoulders are virtually eliminated when Taper crimping is used with cannelured bullets.

## Attributes

- Name: [RCBS 308 WINCHESTER FULL LENGTH DIE SET](#)

# Safety Instruction Guide for AR Series Small Base Taper Crimp Die Sets

## Introduction

Thank you for choosing the RCBS AR Series Small Base Taper Crimp Die Sets. This product is designed to enhance your reloading experience, especially for ARstyle and semiauto shooters. To ensure your safety and the effective use of this product, please read and follow the guidelines outlined in this manual carefully.

## General Safety Guidelines

- Always handle reloading equipment and components with care.
- Ensure that you are in a wellventilated area while reloading.
- Keep all reloading materials out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves during reloading.
- Familiarize yourself with the specific features of the RCBS AR Series Die Set before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates regarding your product on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Risk of injury from improper handling of reloading components.
- Potential for cartridge malfunction if dies are not used correctly.

### • Avoiding Hazards:

- Ensure that the dies are securely installed before use.
- Do not exceed recommended load limits for cartridges.
- Inspect all components for damage or wear before use.
- Avoid distractions while reloading to maintain focus.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is compatible with the RCBS AR Series Die Set.
- Securely mount the sizing die in the press.
- Adjust the die to the correct height according to the manufacturer's instructions.
- Install the taper crimp seating die in the same manner.

### 2. Usage:

- Start by resizing the cartridge cases using the Small Base sizing die.
- Follow the appropriate reloading data for your specific cartridge.
- Use the taper crimp seating die to seat the bullet and apply a crimp.
- Monitor the length of the cases, as the taper crimp die accommodates variations in case length.

### 3. PostUse Care:

- Clean the dies after use to prevent corrosion and ensure longevity.
- Store the die set in a dry, safe place away from children.

## **Disposal Instructions**

- Dispose of any damaged or unusable reloading components according to local regulations.
- Do not throw away reloading materials in regular household waste.
- Contact local waste management authorities for proper disposal methods of hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the RCBS AR Series Small Base Taper Crimp Die Sets, please refer to the product packaging for contact information. Ensure you have the product details ready for efficient support.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
