

# CROSS BOLT DIE LOCK RING - FORSTER PRODUCTS, INC. CROSS BOLT DIE LOCK RING 12/PACK

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

Forster Products has solved two problems common to many reloaders: misaligned die locking rings and damaged die threads. Either of those situations can occur when a locking ring cross-screw is fastened too tightly or if the locking ring threads are improperly mated with the die threads. Forster's locking ring design features an easy to use cross bolt that connects the two ends of the ring instead of a traditional screw design that tightens directly into the threads of the die. The result is a more reliable alignment with no canting and no damage to the die threads which remain untouched by the cross bolt. Tightening or loosening the cross bolt requires a 7/64" hex wrench. The Forster cross bolt locking ring are machined from Aluminum and will fit any manufacturer's standard 7/8-14 dies. They are supplied with all Forster's high quality Bench Rest® Dies.

## Attributes

- Name: [FORSTER PRODUCTS, INC. CROSS BOLT DIE LOCK RING 12/PACK](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 100203304
- Mfr. No.: DIE-G-10-DOZEN
- Style: -
- Delivery weight: 0.163kg
- Shipping height: 23mm
- Shipping width: 76mm
- Shipping length: 254mm
- UPC: 757253999833

# CROSS BOLT DIE LOCK RING SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the CROSS BOLT DIE LOCK RING by Forster Products, Inc. This product is designed to enhance your reloading experience by providing reliable alignment and preventing damage to die threads. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always use the CROSS BOLT DIE LOCK RING in accordance with the manufacturer's instructions.
- Ensure that the die and locking ring are compatible before use.
- Regularly inspect the locking ring for any signs of wear or damage before each use.
- Keep this product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Misalignment of die locking rings can lead to improper reloading and potential accidents.
- Overtightening the cross bolt may damage the die threads.

### • To Avoid Hazards:

- Do not overtighten the cross bolt; use a 7/64" hex wrench for adjustments.
- Ensure that the locking ring threads are properly mated with the die threads.
- If you notice any unusual wear or damage, discontinue use immediately and contact support.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your work area is clean and free from obstructions.
- Select a compatible die that fits a 7/814 thread.
- Place the CROSS BOLT DIE LOCK RING onto the die threads, ensuring proper alignment.
- Use the 7/64" hex wrench to tighten the cross bolt gently, ensuring that it connects the two ends of the ring without overtightening.

### 2. Usage:

- Before starting your reloading process, doublecheck that the locking ring is securely fastened.
- Adjust the cross bolt as necessary during use, ensuring alignment remains consistent.
- If you encounter resistance or misalignment, stop and reassess the installation.

### 3. PostUse:

- After use, inspect the locking ring and die for any signs of wear or damage.
- Store the CROSS BOLT DIE LOCK RING in a safe place, away from moisture and extreme temperatures.

## Disposal Instructions

- Dispose of the CROSS BOLT DIE LOCK RING responsibly.
- If the product is damaged or no longer usable, follow local regulations for the disposal of metal products.
- Do not dispose of the product in household waste; check for recycling options in your area.

## Contact Information for Further Support

For any inquiries or additional support, please refer to the manufacturer's website or customer service resources provided at the point of sale. Ensure you have your product details handy for efficient assistance.

Thank you for prioritizing safety while using the CROSS BOLT DIE LOCK RING. Enjoy your reloading experience!
