

# OMNIVORE RAIL ATTACHMENT DEVICE - BLACKHAWK OMNIVORE RAIL ATTACHMENT DEVICE

[Shooting Accessories](#) > [Holsters & Belt Gear](#) > [Holster Accessories](#)

## Secures Your Pistol In an Omnivore Holster

The Blackhawk Omnivore Rail Attachment Device mounts on your pistol's Picatinny rail and secures the gun inside an Omnivore Non-Light Bearing holster. An active retention mechanism in the Omnivore holster locks onto the Blackhawk Omnivore Rail Attachment Device instead of the frame to hold the handgun in place. Easy to install - attaches with a few screws Mounts to most any accessory rail Detaches easily when needed Only works with Omnivore Non-Light Bearing holsters The Blackhawk Omnivore Rail Attachment Device fits on any handgun with at least one Picatinny rail slot - allowing the same holster to be used with different pistols.

# Safety Instruction Guide for the Blackhawk Omnivore Rail Attachment Device

## Introduction

Thank you for choosing the Blackhawk Omnivore Rail Attachment Device. This product is designed to securely attach to your pistol's Picatinny rail, allowing for the use of an Omnivore NonLight Bearing holster. Please read this safety instruction guide carefully to ensure safe and proper use of the device.

## General Safety Guidelines

- Ensure the device is compatible with your handgun by confirming it has at least one Picatinny rail slot.
- Always follow the manufacturer's instructions for installation and usage.
- Regularly inspect the device for any signs of wear or damage.
- Keep the device out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the Blackhawk Omnivore Rail Attachment Device with Omnivore NonLight Bearing holsters.
- Ensure the gun is unloaded before attaching or detaching the device.
- Do not force the device onto the rail; this may cause damage to the attachment or the firearm.
- Avoid using the device in wet or extreme environmental conditions that may affect its functionality.
- Always check that the active retention mechanism is securely locking onto the device before use.

## Instructions for Installation and Usage

### 1. Installation:

- Gather the necessary tools (screwdriver, screws) for installation.
- Ensure the handgun is unloaded and in a safe position.
- Align the Blackhawk Omnivore Rail Attachment Device with the Picatinny rail on your handgun.
- Secure the device using the provided screws. Ensure all screws are tightened but do not overtighten to avoid damage.
- Check the alignment and stability of the device.

### 2. Usage:

- Confirm that the handgun is properly secured in the Omnivore NonLight Bearing holster.
- Ensure the active retention mechanism is engaged and the firearm is secure before carrying.
- When detaching the device, follow the reverse of the installation steps.
- Store the device in a safe location when not in use.

## Disposal Instructions

- Dispose of the Blackhawk Omnivore Rail Attachment Device in accordance with local regulations.
- Do not dispose of the device in regular household waste if it contains any hazardous materials.
- Consider recycling options if available.

## **Contact Information for Further Support**

For any questions or concerns regarding the Blackhawk Omnivore Rail Attachment Device, please refer to the manufacturer's website or customer service resources.
